Kimberly Robinson  
Organic Agronutritionals, LLC  
c/o Spring Trading Company 203 Dogwood Trail,  
Magnolia, TX 77354

Subject: Label Amendment – Revise label to include required WPS language  
Product Name: AgriDiatomSil  
EPA Registration Number: 93031-1  
Application Date: April 17, 2018  
Decision Number: 540525

Dear Ms. Robinson:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Decision No. 540525

with FIFRA section 6. If you have any questions, please contact Richard Gebken by phone at (703) 305-6701, or via email at [gebken.richard@epa.gov](mailto:gebken.richard@epa.gov).

Sincerely,

A handwritten signature in cursive script, appearing to read "R. Gebken".

Enclosure

**ACCEPTED**  
04/25/2018  
Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 93031-1

**AgriDiatomSil**  
**Organic Insecticide derived from Diatomaceous Earth**  
**FOR CROPS, VEGETABLES & FRUIT PLANTS**

**ACTIVE INGREDIENT:**

**Diatomaceous Earth, Consisting of:**

Silicon Dioxide.....	85.0%
<b>OTHER INGREDIENTS.....</b>	<b>15.0%</b>
<b>TOTAL.....</b>	<b>100.0%</b>

**KEEP OUT OF REACH OF CHILDREN**  
**CAUTION**

**FIRST AID**

**If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.**

**Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Call 1-800-222-1222.**

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Use adequate ventilation and avoid breathing dust. Wear a suitable dust mask approved by NIOSH/MSHA when using this product during prolonged exposure. Respirators fitted with filters certified to standard 42 CFR 84 as meeting N95 efficiency are suitable.**

**DIRECTIONS FOR USE**

**It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.**

**AGRICULTURAL USE REQUIREMENTS:**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Workers Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours.

### **Personal Protective Equipment (PPE)**

Mixers, loaders, applicators, and other handlers must wear the following:

- long-sleeve shirt,
- long pants,
- shoes and socks
- Wear a suitable dust mask approved by NIOSH/MSHA

### **User Safety Requirements**

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent material that have been heavily contaminated with the product. Do not reuse them. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

### **NON-AGRICULTURAL USE REQUIREMENTS**

The requirements of this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses.

Do not enter treated areas without protective clothing until sprays have dried.

### **PRODUCT INFORMATION**

**AgriDiatomSil is a completely organic mineral product derived from Diatomaceous Earth. It is very effective to control crawling insects that have an exoskeleton. When AgriDiatomSil comes in contact with the insects, the sharp edges lacerate the insect's waxy exoskeleton and then the powdery material absorbs the body fluids and dehydrates the insects. This product is for agricultural use only.**

### **ALL APPLICATIONS**

**Mix 2 kgs (4.4 lbs) of AgriDiatomsil in 200 liters (53 gallons) of water and spray it over 1 acre of area before the foliar stage. Repeat the application every 10 days. In case of rain, mix with an adherent to prevent being washed away. Care must be taken to constantly agitate the tank to prevent the solids from sinking to the bottom. However, the preferred route of application is by using an electrostatic negative-charge ionizer to coat the entire plant, especially making it stick and stay put underneath the leaves.**

### **STORAGE AND DISPOSAL**

**Do not contaminate water, food or feed by storage or disposal.**

**STORAGE:** Store in a cool dry place.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** If empty do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

**Note:** Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with the applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.
