MISSION ESSENTIALS, LLC

Subject: Non-PRIA (Pesticide Registration Improvement Act) Labeling Amendment - Revision to label to add Citronella-free claim.
Product Name: Mission Essentials Fight Back 2
Admin Number: 93310-3
EPA Receipt Date: 03/13/2025
Action Case Number: 00646710

Dear Steve Salomon:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable.

This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be subject to existing terms or conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one (1) copy of the final printed labeling before you release this product for shipment with the new labeling. In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6.

If you have questions, please contact James Parker via email at parker.james@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Andrew Bryceland". The script is fluid and cursive, with the first letter of each word being capitalized and larger than the others.

Andrew Bryceland, Team Leader

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Causes moderate eye irritation. Harmful if swallowed. Do not apply over cuts, wounds, or irritated skin. Avoid contact with eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Prolonged or frequent repeated skin contact may cause allergic reactions in some individuals.

Physical or Chemical Hazards

Flammable. Keep away from heat and open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING. Hold bottle 6-8 inches from skin and clothing while spraying. Apply as needed. Spray directly on skin - for maximum protection, no need to rub in. Read and follow all directions and precautions on this product label.

For outdoor use only. Do not spray in enclosed areas. Do not apply near eyes and mouth. Do not apply over cuts, wounds or irritated skin. Do not apply to sunburned skin. May be used on children with adult supervision. Not for use for children under 3 years old. Do not allow children to handle this product. Use of this product may cause skin reactions in rare cases. If you suspect reaction to this product, discontinue use, wash treated skin and call your local Poison Control Center. If you go to a doctor, take this product with you.

STORAGE AND DISPOSAL:

Store the product in cool dry place, out of reach of children.

Container Handling: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Notice: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use in accordance with directions.
