Subject: Label and CSF Amendment – Addition of an alternate CSF 1 to support an unscented formulation and related label claims.
Product Name: Proven Insect Repellent Spray
EPA Registration Number: 93332-2
Application Date: May 11, 2018
Decision Number: 541498; 545547

Dear Ms. Van Lent:

The amended label and CSF referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, are acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Please note that the record for this product currently contains the following CSF(s):

- Basic CSF dated 03/20/2018
- Alternate CSF 1 dated 05/11/2018

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process.

Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Jennifer Gaines at 703-305-5967 or via email at gaines.jennifer@epa.gov.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID: If in eyes: Hold eye open and rinse with water for 15-20 minutes. Remove contact lenses, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. If swallowed: Call a doctor or poison control center immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless advised by a Poison Control Center or a doctor. Do not give anything to an unconscious person. Have the container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 800-410-3063 for emergency medical information.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Hold 4 to 6 inches from skin while spraying, keeping nozzle pointed away from face. Slightly moisten skin with a slow sweeping motion. Do not exceed two applications per day. Do not spray directly on face. Apply on face by first spraying small amounts in palms of hands and spreading on face and neck, avoiding your eyes. Avoid contact with lips, cuts, wounds, irritated or sunburned skin. Apply sparingly around ears. Do not apply under clothing. Do not apply to the hands of small children. When using on children, apply to your hands and then apply it to the child. Do not apply to their hands. To apply to a child's face and neck, spray the product into your hands and apply to the child. Take care to avoid mouth and eyes and apply sparingly around ears. Do not

allow children to handle the product. Use of this product does not eliminate all risk of contracting a mosquito or tick-borne illness.

STORAGE AND DISPOSAL Pesticide Storage: Store in a cool, dry place out of the reach of children. Keep away from heat, sparks and open flame. Pesticide Disposal and Container Handling: Non-refillable container. Do not reuse or refill this container. Do not puncture or incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 800.526.9377 for disposal instructions. Never place unused product down any indoor or outdoor drain.
