9/20/18

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

INCOPPER

Name and Address of Registrant (include ZIP Code):

Eliot Harrison
Agent for
Arauco
c/o Lewis & Harrison
122 C St NW, Suite 505
Washington DC, 20001

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

Signature of Approving Official:

Eric Miederhoff, Product Manager 31
Regulatory Management Branch I
Antimicrobials Division (7510P), Office of Pesticide Programs

Date:

9/20/18

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 93650-1.”
4. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 8/29/2018

If you have any questions, please contact Tara Flint via email at flint.tara@epa.gov or Eric Miederhoff at Miederhoff.eric@epa.gov.

Enclosure

INCOPPER

INCOPPER is a copper based antimicrobial formulation intended for preserving laminates that are used in commercial and residential applications.

Active Ingredients

Chelates of Copper Gluconate.....	2.74%
Chelates of Copper Citrate.....	.296%
Other Ingredients.....	94.30%

Contains 1.5% copper

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID STATEMENTS

<ul style="list-style-type: none">• If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container

Precautionary Statements

Hazards to Humans and Domestic Animals

Caution: May be harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or the toilet.

Personal Protective Equipment (PPE)

When using this product, mixers, loaders, applicators and other handlers must wear gloves (rubber or chemical-resistant), protective eyewear (goggles or face shield) long-sleeve shirt, long pants, shoes and socks.

User Safety Recommendations

Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing. Wash outside of gloves before removing.

EPA Reg. No. 93650-1
EPA Est. No

Environmental Hazards: This product is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public water unless this product is specifically identified and addressed in a NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your state water board or regional office of the EPA.

Physical or Chemical Hazards: Do not use with or store near any oxidizing or reducing agents.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

INCOPPER is a copper-based additive that is designed to impart antimicrobial protection to laminates. During the manufacturing process for laminates, add INCOPPER at a loading rate of 0.72 grams of INCOPPER/square meter of substrate.

INCOPPER suppresses the growth of odor-causing bacteria, fungi, mold and mildew. In addition, INCOPPER also protects against discoloration, staining and deterioration of laminates caused by microorganisms. No finished product incorporating INCOPPER can make any public health claims related to antimicrobial activity without first obtaining an EPA registration for the finished product which permits such claims. Do not treat laminates with INCOPPER that will be used in any direct contact with food

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

Storage: Keep this product dry in original tightly closed container when not in use. Keep pesticide storage areas clean. Clean up any spills promptly.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration.
