Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 94468-2."
3. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

[Product information]

[The Moth Killer Hanger] [This product] will provide protection (knockdown and killing action) against the Cloth Moth (*Tineola bisselliella*). [The Moth Killer Hanger] [This product] is impregnated with transfluthrin insecticide and once the paper is stored in an enclosed [area] [space] containing clothes the insecticide is slowly released by evaporation. Within 14 days an atmosphere containing insecticide vapor is established which kills adult Cloth Moths, larvae and prevents moth eggs from hatching and so interrupts the Cloth Moth breeding life-cycle to protect stored clothes.

Use this product in the following [indoor][enclosed][areas][spaces]: wardrobes, cupboards, drawers, suitcases, [storage] [chests][trunks][bags], laundry bags.

- Kills [adult] [Cloth Moths] (*Tineola bisselliella*) [larvae] and [eggs].
- Kills Cloth Moth eggs [before they hatch].
- [Prevents] [Reduces] eggs [from] hatching.
- Prevents hatched larvae from feeding.
- Interrupts [life cycle] [breeding cycle] of the moths.
- Prevents damage to [cellulose-based] textiles [caused by the feeding moth larvae].
- A 6 Sheet hanger [provides protection] [is effective] for [up to] [3]{*} [4]{*} [5]{*} months.

{Product will specify only one value for months on product label}

- Non-staining to stored [clothes] [garments].
- A 6 Sheet hanger protects a [space] [volume] of [4 cubic feet] [(0.5 cubic meters)].
- The paper has a fragrant [lavender] [woody feeling] [cotton flower] odor.
- [Lavender] [Woody Feeling] [Cotton Flower] [fragrance][d]
- Includes a date wheel for monitoring expiry.
- Use this product in the following [indoor] [enclosed] [areas][spaces]: wardrobes, drawers, suitcases, [storage] [chests][trunks][bags], laundry bags, cupboards.
