Subject: Notification per PRN 98-10 – Add Precautionary Reference Statement
Product Name: GermStryke 250
EPA Registration Number: 98433-1
Received Date: 10/31/2022
Action Case Number: 00404868

Dear Ms. Hartis:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Assurance.

**MULTI-PURPOSE
EVERYDAY CLEANER**

GermStryke 250 is a broad use disinfectant with an active ingredient of Hypochlorous Acid. **GermStryke 250** is designed for use on hard non-porous surfaces which include but are not limited to those found in the following: Industrial Spaces, Hospitals, Laboratories, Public Spaces, Public Transportation, Restaurants, Schools, Homes, Grocery Stores, Offices, Stadiums, Gyms. **GermStryke 250** is a ready-to-use product for general disinfecting when directions are followed.

**FIRST AID
IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center (NPIC) at 1-800-858-7378.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wear safety glasses or goggles when handling product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.
PHYSICAL AND CHEMICAL HAZARDS
This product is not compatible with other household or industrial products containing ammonia. Do not use this product with other household or industrial chemicals such as toilet bowl cleaners, rust removers, acids, or products containing ammonia. To do so will release hazardous, irritating gas. Prolonged contact with metal may cause pitting or discoloration. Wiping metal surfaces, after drying, with a clean water-dampened soft cloth helps ensure best protection from pitting or discoloration.

MADE IN USA

Effective on hard non-porous surfaces found in: Homes, Laboratories, Office Spaces, Hospitals, Restaurants, Schools, Public Transportation, Gyms, Industrial Spaces and many more.

*Staphylococcus aureus (ATCC 6538), Pseudomonas aeruginosa (ATCC 15442), Salmonella enterica (ATCC 10708), and Human Norovirus (Feline Calicivirus, strain F9 as surrogate).

**KEEP OUT OF REACH OF CHILDREN
CAUTION / PRECAUCIÓN**

ACTIVE INGREDIENT:
Hypochlorous Acid 0.025%
OTHER INGREDIENTS: 99.975%
TOTAL: 100.000%
Contains 250 ppm Free Available Chlorine (FAC). If this product is not used immediately after production, the product should be tested with a chlorine test kit.

See side panel for additional precautionary statements

**NET CONTENTS:
128 FL. OZ. (1 GAL.) 3.79 L**

NOTIFICATION

98433-1

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

04/15/2024

**No Rinse Formula
No Harsh Fumes
pH Balanced
Alcohol Free**

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read the entire label and use strictly in accordance with Precautionary Statements and Directions for Use.

RESTRICTION
DO NOT use this product with other products containing ammonia.
Notice to User: This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the blood stream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection. This product is not for use on medical device surfaces.
To clean and disinfect hard non-porous surfaces:
Pre-clean surface if heavily soiled. Apply **GermStryke250** only onto hard non-porous surfaces with a cloth, mop, wipe, sponge, or spray until thoroughly wet. Surfaces must stay wet with **GermStryke250** for 10 minutes to fully disinfect. Allow surfaces to air dry. Rinsing or wiping not required.

STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.
PESTICIDE STORAGE: Keep this product in a tightly sealed container. Store in original container in a cool, dry, dark, well-ventilated area away from light and heat sources.
PESTICIDE DISPOSAL:
Wastes from this use of this product may be disposed of on site or at an approved waste disposal facility.
CONTAINER HANDLING: Nonrefillable container.
Do not reuse or refill this container.
Offer for recycling if available or reconditioning if appropriate or puncture and dispose of in a sanitary landfill or by incineration.
