Antimicrobials Division (7510P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

99783-1

Date of Issuance:

9/23/21

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

TK60 One Step Disinfectant

Name and Address of Registrant (include ZIP Code):

Bottom Line Distributors
c/o Spring Regulatory Sciences
6620 Cypresswood Drive – Suite 250
Spring, TX 77379

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

Signature of Approving Official:

Demson Fuller, Product Manager 32
Regulatory Management Branch 1,
Antimicrobials Division (7510P)

Date:

9/23/21

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 99783-1”
4. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Assurance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 02/06/2021

If you have any questions, please contact Wanda Henson by phone at (703) 308-6345, or via email at henson.wanda@epa.gov

TK60 One-Step Disinfectant

{Alternate Name Brands:

TK60

}

[Ready to Use One-Step Healthcare Disinfectant for Hard Non-Porous Surfaces]

- [Hospital Disinfectant]
- [One- Step Healthcare Disinfectant]
- [Cost Effective Solutions]
- [For Commercial and Household Use]
- [Produced for Use in Medical, Dental, Institutional, Hospitality, Industrial, Veterinarian, Commercial, and Residential Applications]
- [Leaves No Residue]
- [Patented formulation – US Patent Number 8641874]

Active Ingredient:

Hypochlorous Acid.....0.0225%
Other Ingredients.....99.9775%
Total.....100.0000%

Contains 225 ppm Free Available Chlorine (FAC)

KEEP OUT OF REACH OF CHILDREN

TK60 One-Step Disinfectant must be used within 7 days of production or tested with a chlorine test strip. Do not use produce when chlorine concentration is below 202 ppm.

Net Contents: ___ [fl. oz.] [Gal] (___ [ml] [l])

EPA Reg. No: 99783-1

EPA Est. No:

Manufactured [For] [By:] Bottom Line Distributors, LLC, 2061 Clovis Barker Rd - #4B, San Marcos, TX 78666

Batch Code:

Date Produced: _____

PHYSICAL OR CHEMICAL HAZARDS

Do not use this product with other household or industrial chemicals such as acids and hydrogen peroxide.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Disinfection of Hard, Non-porous Surfaces

[TK60 One-Step Disinfectant] [This product] can be used to disinfect hard, non-porous surfaces. To disinfect, apply [TK60 One-Step Disinfectant] [this product] to any hard, non-porous surface with a trigger or pump sprayer or flip-top bottle. Wet surfaces thoroughly and allow the surface to remain visibly wet for 1 minute. Allow the treated surface to air dry or wipe with cloth, microfiber, or paper towel. Remove visible soil from surfaces before applying this product.

{Note to reviewer: the following statement is required when the product bears human medical use sites/articles/surfaces:}

This product is not to be used as a terminal sterilant/ high level disinfectant on any surface or instrument that 1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body or {2) contacts intact mucous membranes but which does not ordinarily penetrate the bold barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

Cleaning and General Use Applications

[TK60 One-Step Disinfectant] [This product] can be used to clean surfaces and floors. To clean, spray the soiled area then wipe clean. For spot cleaning, spray and wipe clean with damp sponge [or mop] [or cloth].

Deodorization Applications

To deodorize, spray hard, non-porous surfaces or items until thoroughly wet. Let stand for 1 minute to kill odor causing bacteria, then wipe clean. For heavily soiled areas, a precleaning step is required.

Use Sites

Hospitals, health clinics, doctors' offices, dental offices	Retail and wholesale establishments
Veterinarian clinics and animal hospitals	Homes
Nursing homes	Apartments
Day care centers	Condos
Food preparation areas	Hotels, motels, bed & breakfasts
Ships	Fitness centers
Schools	Locker rooms
Colleges	Convenience stores
Universities	Indoor playgrounds
Industrial and commercial facilities	Cafeterias
Restaurants and bars	Prisons and correctional facilities
Office buildings	Police and fire stations
Recreational facilities	Pharmaceutical and medical device producing

establishments
Transit facilities
Laboratories
Pet care facilities

Agricultural facilities
Storage areas
Public restrooms
Airports

Hard Non-porous Surfaces

Stainless steel
Chrome
Glass
Vinyl
Glazed porcelain
Non-porous plastics
Glazed [Sealed] Enamel
Glazed tile
Dishes
Glassware
Silverware
Eating and cooking utensils
Plastic and nonporous cutting boards
Chopping blocks
Kitchen products used in food preparation
Other utensils
Tables
Counter tops
Sinks

Shelves
Racks
Carts
Refrigerators (exterior)
Coolers (exterior)
Glazed tiles
Microwaves
Ovens(Surfaces be allowed to come to room temperature prior to treatment)
Stove tops (Surfaces be allowed to come to room temperature prior to treatment)
Appliances (exterior surfaces)
Conveyor belts
Exterior Toilet surfaces
Chairs
Desks
Beds (rails, frames, headboards, footboard)
Floors
Doorknobs

Note: Upon opening this container, record the date on the container. If the product is transferred to spray bottles, record the same date on the secondary container. A clear PET or the translucent HDPE bottle is recommended.

{OPTIONAL LABEL CLAIMS:-can be listed anywhere on the label}

Non-corrosive

No dilution or mixing required

Ready to Use

{General Cleaning and Deodorization Claims}

[Ideal] [Designed] for daily [use] [cleaning] Easy to Use

Multi-Surface Cleaner

Compatible with [household] [equipment] surfaces [Cleans] [Removes] food stains

[Cleans] [Removes] mildew stains [Cleans] [Removes] everyday messes Deodorizes

[Eliminates] [Removes] food odors

[Eliminates] [Removes] pet odors [like urine and feces]

Neutralizes odors

[Kills] [Neutralizes] [Removes] [Eliminates] odor-causing bacteria

{Disinfection Claims}

Kills bacteria on hard non-porous surfaces in 1 minute.

Organism Table for Disinfection Applications	Contact Time:
Bacteria:	
Pseudomonas aeruginosa [Pseudomonas] [ATCC 15442]	1 Minute
Staphylococcus aureus [Staph] [ATCC 6538]	1 Minute
Viruses Enveloped:	
*Human coronavirus [Strain 229E] [ATCC VR-740]	30 Seconds

[Kills] [Effective against] *Staphylococcus aureus*, *Pseudomonas aeruginosa* on treated surfaces.

Antimicrobial Bactericidal

Clean and disinfects hard non-porous surfaces [in 1 minute]

Formulated with hypochlorous acid technology Tough on bacteria, easy on surfaces

{Claims}

This product was tested according to AOAC test methods

One step cleaner/disinfectant when used according to the disinfection directions.

Cleaner/disinfectant

Multi-purpose disinfectant
Hypochlorous Acid [HOCl] Solution
Hospital Disinfectant
Active ingredient hypochlorous acid [HOCl] produced from water and salt
[Antimicrobial] [antibacterial] [disinfectant]
Aids in the reduction of cross-contamination between treated surfaces
Formulated for bacteria
Bactericide - or - Bactericidal
Germicide - or - Germicidal
Virucide* - or Virucidal*
Bathroom disinfectant on hard, non-porous surfaces
Kitchen disinfectant on hard, non-porous surfaces
Nursery disinfectant on hard, non-porous surfaces
Athletic facility disinfectant on hard, non-porous surfaces
Can be sprayed
Cleans and disinfects {insert use site}
Cleans and disinfects hard, non-porous surfaces
Cleans, deodorizes and disinfects
Eliminates - and/or - Destroys - and/or - Cleans - and/or - Removes [non-living] allergens [such as]
[like] [dust mite matter - or - particles] [dust mite debris] [cockroach matter - or - particles] [cockroach debris] [pet
dander [found in dust]] [dog dander] [cat dander] [pollen [particles]].
Deodorizes by killing the bacteria that causes odors
Designed for practical use
Designed to save you time
Disinfecting formula
Disinfects and deodorizes by killing bacteria and their odors
Disinfects [common] household hard, non-porous surfaces
Disinfects hard, non-porous surfaces {throughout the {insert use site}
Convenient disinfecting
One-step cleaning and disinfecting when used according to disinfection directions
Effective against - or - Kills {insert any organism(s) from table above} [in the presence of 5% organic soil load]
Effective against Staphylococcus aureus, Pseudomonas aeruginosa
Eliminates odors at their source; bacteria
Eliminates - or - Removes food odors [like garlic - and/or - fish - and/or - onion]
Eliminates - or - Removes [smoke] [urine] [feces] [fish] [foul] [body] odors
Eliminates - or - Removes pet odors [like urine - and/or - feces - and/or - vomit - and/or - "wet dog" smell]
Eliminates - or - Reduces odors caused by bacteria [in the kitchen - or - bathroom]

[Eliminates] [removes] Odors

For daily use

For use in {insert one or more of the use sites listed on the label}

For use on {insert one or more of the use surfaces listed on the label}

For use on high touch surfaces

Kill(s) - and/or - Eliminates 99.9% - and/or - Effective against Staphylococcus aureus

Kill(s) - and/or - Eliminates 99.9% - and/or - Effective against Pseudomonas aeruginosa

Can help reduce the risk of cross contamination between treated hard, non-porous surfaces

2 in 1 Formula [Cleaner and odor eliminator]

Inspired by how you want [need] to disinfect

Invented to disinfect the way you want [need]

Kills bacteria

Kills many bacteria

Kills odor-causing bacteria

Kills common household bacteria - and/or - viruses*

Kills bacteria - and/or - viruses* [on hard non-porous surfaces you touch most]

Low Odor

Fresh - and/or - Clean Scent

The smell of clean

Breath Easy: Fragrance Free

No harsh fumes to irritate [pet] [dog] noses

Worry free use in [kennels] [litter box] [pet areas] [baby rooms] [nurseries]

Use for a [fresh] [home] [environment] [kitchen]

Alcohol free [formula]

Dye free [formula]

Fragrance free [formula] [will not irritate your [dog's] [pet's] nose]

Phenol free [formula]

VOC free [formula]

No [alcohol] [dyes] [fragrances] [phenols] [VOCs]

Non-flammable [formula] + Kills - or - Effective against pathogens

Kills - or - Leaves hard non-porous surfaces disinfected

Made in the USA {may include graphic of American flag}

One-step cleaner and disinfectant when used according to disinfection directions

Designed for general cleaning and disinfecting hard, non-porous environmental surfaces in health care facilities - or - {insert use site}

Ready-to-use [cruise line] [daycare] [dental] [hospital] [household] [institutional] [residential] [veterinarian] disinfectant

Ready-to-Use [Formula]

No mixing required

No rinse formula

No rinsing required

No wiping required

Disinfectant to go

The answer to your disinfecting needs

The convenient way to disinfect

Use in public - or - common places where bacteria - and/or - viruses* may be of concern on hard, non-porous surfaces

Non-greasy [formula]

Non-sticky [formula]

Leaves no [sticky] [greasy] [flammable] [harmful] [harsh] [chemical] residual - or - residue [on surfaces] [after evaporation]

Contains no phosphates

Kills - or - Effective against bacteria

Kills - or - Effective against viruses*

Commercial [Line] [Disinfectant] on hard, non-porous surfaces Cruise Line [Line] [Disinfectant] on hard, non-porous surfaces Dental [Line] [Disinfectant] on hard, non-porous surfaces Freight [Line] [Disinfectant] on hard, non-porous surfaces Hospital [Line] [Disinfectant] on hard, non-porous surfaces Hospitality [Line] [Disinfectant] on hard, non-porous surfaces Industrial [Line] [Disinfectant] on hard, non-porous surfaces

Janitorial [Jan-San] [Line] [Disinfectant] on hard, non-porous surfaces Nursery [Line] [Disinfectant] on hard, non-porous surfaces

Public Transportation [Line] [Disinfectant] on hard, non-porous surfaces Residential [Line] [Disinfectant] on hard, non-porous surfaces

Retail [Line] [Disinfectant] on hard, non-porous surfaces Veterinarian [Line] [Disinfectant] on hard, non-porous surfaces [Sample] [travel] size

[TK60 One-Step Disinfectant] [This product] is a ready-to-use water based hypochlorous acid disinfectant, composed of over 99.90% water and 0.0225% hypochlorous acid. When used as directed, [TK60 One-Step Disinfectant] [This product] is a very fast, safe, and effective disinfectant for use on hard, non-porous surfaces.

[TK60 One-Step Disinfectant] [This product] is produced by passing an electric current through salt water in R-Water's electrochemical cell, generating a weak but very potent oxidized hypochlorous acid solution. [TK60 One-Step Disinfectant] [This product] contains 225 ppm hypochlorous acid, measured as free available chlorine (FAC).

{General Claims}

Convenient

Hospital disinfectant

Healthcare Disinfectant

For general use

Will not harm hard, non-porous inanimate environmental surfaces

Will not harm titanium-coated, medical grade stainless steel

For use in athletic facilities and on athletic equipment

For use on bathroom surfaces

For use on nursery surfaces

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in a closed plastic container in a cool, dry location away from heat and sunlight. Do not shake. Do not store near easily oxidizable materials, acids, and reducers. In case of spill, isolate container (if possible) and flood area with water to dissolve all material before disposing this container in trash.

Emergency Handling: In case of contamination or decomposition. Do not reseal container. Isolate in open, well-ventilated area. Flood with large amounts of water. Cool unopened containers in vicinity by water spray.

Pesticide Disposal: To avoid waste, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

Container Handling: Refillable container. Refill this container with TK60 One-Step Disinfectant only. Do not reuse this container for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the person refilling this container. To clean the container before final disposal, empty the remaining contents into application equipment or a mix tank. Fill the container about 10 percent full with water. Agitate vigorously or recirculate water with a pump for 2 minutes. Dispose of rinsate as pesticide waste. Repeat the rinsing procedure two more times. Then offer for recycling if available or puncture and dispose of in sanitary landfill, or by incineration, or by procedures allowed by state and local authorities.

Environmental Commitment

Not harmful to septic and wastewater treatment systems.

This bottle is coded for recyclers. Check to see if recycling facilities accept colored HDPE in your area. Contains no phosphorus.

Contains no VOCs (Volatile Organic Compounds).

WARRANTY

Bottom Line Distributors LLC warrants that this product conforms to the product specification on this label and is reasonably fit for the purposes set forth in the Directions for Use. To the fullest extent permitted by law, neither the manufacturers nor the seller make any warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use of this material when such use is contrary to label instructions. Read and follow the label directions carefully.
