☒ Registration
☐ Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Hunt Refined Repellent Spray

Name and Address of Registrant (include ZIP Code):

Hunt Tech LLC
C/O Spring Regulatory Sciences
6620 Cypresswood Dr, Suite 250
Spring, TX 77379

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 04
Invertebrate & Vertebrate Branch 1
Registration Division (7505P)
Office of Pesticide Programs

Date:

6/18/25

EPA Form 8570-6

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 103751-2."
3. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The record for this product currently contains the following CSF(s):

- Basic CSF dated 05/19/2025
- Alternate CSF 1 dated 05/19/2025
- Alternate CSF 2 dated 05/19/2025
- Alternate CSF 3 dated 05/19/2025
- Alternate CSF 4 dated 05/19/2025
- Alternate CSF 5 dated 05/19/2025
- Alternate CSF 6 dated 05/19/2025
- Alternate CSF 7 dated 05/19/2025

If you have any questions, please contact Eric Ingram at 202-566-0061 or at ingram.eric@epa.gov.

STOP – Read This Entire Label Before Use

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

PHYSICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Follow these directions when applying HUNT Refined Repellent Spray:

- Hold 4 to 6 inches from skin while spraying, keeping nozzle pointed away from face. Slightly moisten skin with a slow sweeping motion.
- Excessive amounts or frequent reapplication is unnecessary.
- Do not exceed two applications per day.
- Apply on face by first spraying small amounts in palms of hands and spreading on face and neck, avoiding your eyes. Wash hands after application.
- Do not apply to the hands of small children.
- When using on children, apply to your hands and then apply it to the child. Do not apply to their hands. To apply to a child's face and neck, spray the product into your hands and apply to the child. Take care to avoid mouth and eyes and apply sparingly around ears. Do not allow children to handle the product.
- Do not spray directly on face.
- Avoid contact with lips, cuts, wounds, or irritated skin.
- Do not apply to excessively sunburned skin.
- Do not apply under clothing.
- Apply sparingly around ears.

STORAGE AND DISPOSAL

Pesticide Storage: Store in a cool, dry place out of the reach of children. Keep away from heat, sparks and open flame.

Pesticide Disposal and Container Handling: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

[Picaridin 20%]

[The insect repellent for those who refuse to wear insect repellent.]

[Spray Fearlessly!]

[We've got you covered!]

[You're Protected]

[Town & Jungle Protection]

[Our Story: We are year-round hunters who were frustrated with the insect repellents on the market. We've tried them all. Some smelled great but would scare the game away. Some worked but smelled like you got assaulted by an essential oil seller at a farmer's market. Some didn't work at all. A lot weren't safe for human use, despite being marketed as such. HUNT Refined Repellent Spray and AFTER THE HUNT are changing the way sportsmen and women avoid mosquitos and focus on success in the stand, the blind, and in the field.

[Hunt is a family run business in Lake Charles, Louisiana. Mosquitos are a part of life in southwest Louisiana. Hunt's offices are located at the McNeese University Seed Center]

[Mission] {Optional marketing for QR code}

[For Every Bottle Sold, Hunt Will Donate 1 Extra Large Mosquito Net to a Family in Need. Malaria, transmitted primarily by infected mosquitos, remains a dire global health threat, causing more fatalities than any other animal and disproportionally affects developing countries, where access to proper healthcare and resources is limited. Malaria, along with other mosquito transmitted disease, poses a severe risk to vulnerable populations. However, one of the most effective and accessible solutions is the use of mosquito nets. These simple yet life-saving tools provide a physical barrier that significantly reduces the chances of mosquito bites during sleep, offering a crucial defense against these deadly diseases, particularly in areas where other preventive measures may be scarce or unaffordable]
