Subject: FIFRA 24(c) Registration - SLN Amendment Acknowledgment Letter

SLN Registration Number: CA200001

EPA Decision Number: 560110

SLN Expiration Date: January 31, 2025

Parent EPA Reg. No.: 100-1571

Product Name: Orondis

Active Ingredients: Oxathiapiprolin

Dear Mr. Inouye:

This letter acknowledges receipt of the notification of the above-noted Special Local Need (SLN) registration pursuant to section 24(c) of the Federal Insecticide, Fungicide, and Rodenticide Act. The SLN registration is for the use by aerial application of Orondis (containing oxathiapiprolin) in citrus orchards with standing water to control certain fungal diseases. You indicate that severe unusual wet weather resulted in standing water in some orchards, precluding application with ground equipment and thus aerial application is needed to allow treatment in these orchards. All other parameters of use such as rate, PHI, etc. remain unchanged from the registered product label.

The Agency has completed a review of the use and acknowledges the State's special local need registration. Please inform the registrant that we have placed a copy of the SLN label in our file. If you have any questions, please contact Andrea Conrath by phone at (703) 308-9356 or via email at conrath.andrea@epa.gov.

Sincerely,

A handwritten signature in black ink, reading "Tawanda Maignan", is positioned above the typed name.

**FIFRA 24(c) SPECIAL LOCAL NEED LABEL (SLN)
FOR DISTRIBUTION AND USE ONLY IN THE STATE OF
CALIFORNIA**

For Aerial Applications to Citrus Fruit, Crop Group 10-10 with Standing Water

Orondis®

EPA Reg. No. 100-1571

EPA SLN No. CA-200001

**This label expires and must not be distributed or used in accordance with this
SLN registration after January 31, 2025.**

DIRECTIONS FOR USE

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- This state-specific Section 24(c) labeling must be in the possession of the user at the time of application.
- Follow all applicable directions, restrictions, and precautions on the EPA-registered Orondis, EPA Reg. No. 100-1571 label and this label.

Citrus Fruit, Crop Group 10-10

Australian desert lime	Lemon	Satsuma mandarin
Australian finger lime	Lime	Sweet lime
Australian round lime	Mediterranean mandarin	Tachibana orange
Brown River finger lime	Mount White lime	Tahiti lime
Calamondin	New Guinea wild lime	Tangelo
Citron	Orange, sour	Tangerine (Mandarin)
Citrus hybrids	Orange, sweet	Tangor
Grapefruit	Pummelo	Trifoliate orange
Japanese summer grapefruit	Russell River lime	Uniq fruit
Kumquat		

Target Disease	Rate (fl oz/A)	Use Directions
Brown rot Citrus foot rot Gummosis Root rot Trunk canker (<i>Phytophthora</i> spp.)	2.4	For aerial applications only to citrus orchards with standing water. Apply in sufficient volume to provide uniform and complete coverage of trees.
Brown rot (<i>Phytophthora</i> spp.)	1.2 – 2.4	

USE RESTRICTIONS

- 1) **Maximum Single Application Rate:**
 - a) **Foliar Application:** 2.4 fl. oz./A (0.03 lb.ai/A of oxathiapiprolin-containing products)
 - 2) **Maximum Number of Applications:**
 - a) Do not make more than one foliar application per year.
 - 3) **Pre-harvest Interval (PHI):** 0 days
-

Requirements:

1. For aerial applications to citrus orchards that have standing water due to a storm event(s).
2. Water must be standing and will not flow into state waterways where fish and wildlife are likely to be affected.
3. Applications are made in accordance with all other label directions.
4. The County Agriculture Commissioner must assure the required conditions are met.

Restrictions:

1. No fungicide application shall occur if:
 - a. Soil moisture is at field capacity and a storm event, forecasted by the National Oceanic and Atmospheric Administration (NOAA) or National Weather Service (NWS), is to occur within 48 hours following the application; or
 - b. A storm event likely to produce runoff from the treated area is forecasted by NOAA/NWS to occur within 48 hours following the application.
 2. Applications are not allowed if water is flowing off the intended application site.
 3. Standing water will not be pumped or removed from the orchard after the fungicide application.
 4. Do not apply this product through any type of irrigation system.
-

The County Agricultural Commissioner's (or designee's) signature must be obtained prior to this use.
