Dear Ms. Morris:

This letter acknowledges receipt for the above-listed Special Local Need (SLN) registration pursuant to Section 24(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. This SLN registration permits use of a new formulation, Gramoxone SL 3.0 (paraquat dichloride) as a harvest aid on alfalfa grown for seed in Colorado to replace Gramoxone SL 2.0 that expires July 1, 2022. Leading to a need for this SLN registration. All other aspects of the label remain the same.

The Agency has completed a review of this use and acknowledges the State's Special Local Need registration. Please inform the registrant that we have placed a copy of the SLN label in our files. If you have any questions, please contact Maya Wheeler by phone at (202) 566-2957 or via email at [wheeler.maya.b@epa.gov](mailto:wheeler.maya.b@epa.gov).

Sincerely,
