175 South University St.
West Lafayette, IN 47907

Subject: Corrections to Registration Action Under FIFRA Section 24(c)
Use of Venerate CG on Indoor, Outdoor and Field-Grown Hemp to Manage Thrips, Aphids, Mites
and Caterpillars in Indiana
EPA Special Local Need (SLN) No. IN200010
Your Submission Dated January 31, 2020

This will acknowledge receipt of your notification to the Agency of a registration, pursuant to section 24 (c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as follows:

Product Name: Venerate CG
EPA Registration No.: 84059-14
24(c) Registrant: Marrone Bio Innovations
1540 Drew Ave.
Davis, CA 95618

The Agency has reviewed the submitted materials and determined that the subject SLN registration for use of Venerate CG on hemp to manage European corn borer, corn earworm, thrips, aphids and mites (including two-spotted spider mite, russet mite and broad mite) from attacking hemp is acceptable.

If you have any questions concerning this letter, please contact Joseph Mabon of my team by telephone at (703) 347-0177 or via email at mabon.joseph@epa.gov.

Sincerely,

A handwritten signature in cursive script, appearing to read "Susanne Cerrelli".

Special Local Need FIFRA Section 24(c) Label

VENERATE CG
HEMP
STATE OF INDIANA

SPECIAL LOCAL NEED FIFRA 24(C) LABEL
FOR THE USE OF VENERATE® CG BIOINSECTICIDE
On Hemp in Indiana

This label and the federal label for this product must be in the possession of the user at the time of pesticide application. Follow all applicable directions, restrictions, Worker Protection Standards (WPS) and precautions on this supplemental label and the main EPA-registered label.

FOR DISTRIBUTION AND USE ONLY IN THE STATE OF INDIANA.

This supplemental labeling expires on 12/31/2025 and must not be used or distributed after this date.

VENERATE® CG
EPA Reg. No. 84059-14
SLN no. IN-200010

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Active Ingredient:

Heat-killed *Burkholderia* spp. strain A396 cells and spent fermentation media* 94.46%
Other Ingredients: 5.54%
Total: 100.00%

*Contains not less than 1,500 Beet Armyworm Killing Units (BAWKU)/mg. Note: The percent active ingredient does not indicate product performance and potency measurements are not federally standardized.

ENVIRONMENTAL HAZARDS

For terrestrial uses: Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate. See the Directions for Use section of this label for application instructions that minimize risk to bees and other beneficial insects, *including those used in Integrated Pest Management (IPM) programs or organic agriculture.*

Pre-harvest Interval (PHI) = 0 days

Crop	Target Pest(s)	Application
Hemp, Indoor and Outdoor	Thrips Aphids Mites, including twospotted spider mite, russet mite, broad mite European corn borer Corn earworm	Foliar, 2-4 quarts Venerate ® CG per acre (3 to 6 Tablespoons per 1000 square feet) in water volume sufficient to provide complete coverage of all above ground foliage. Minimum water volume is 10 gallons per acre (1 quart per 1000 square feet), increased water volume may be necessary to provide complete coverage. Repeat application at an interval sufficient to maintain control, usually 3-10 days.
	Wireworm	In-furrow, drench, or drip irrigation. 4 quarts Venerate ® CG per acre (6 Tablespoons per 1000 square feet). Where wireworms are present, apply at planting, after transplant or during the growing season.

Special Local Need FIFRA Section 24(c) Label

VENERATE CG
HEMP
STATE OF INDIANA

All applicable directions, restrictions and precautions on the EPA-registered label are to be followed.

This FIFRA Section 24(c) supplemental label contains new or additional directions for use of this product, which may not appear on the package label. Read and carefully observe the cautionary statements plus all the other information appearing on the product label.

The User assumes all risks related to the use, performance and crop tolerances arising, and agrees to hold Marrone Bio Innovations Inc. harmless from any claims in connection with the uses described.

This supplemental label and the federal label for this product must be in the possession of the user at the time of pesticide application.
