Dear Ms. Farias:

This letter acknowledges receipt of an amendment for the above-listed Special Local Need (SLN) registration pursuant to Section 24(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. The SLN registration permits use of Drexel Carbaryl 4L (carbaryl) in commercial ponds to control mud and ghost shrimp. You indicated that the requirements and limitations imposed on pesticide products containing carbaryl were updated. Therefore, revisions were made to the 24(c) label, and thus a need for this SLN amendment. This amendment will extend the expiration date to December 31, 2022. All other aspects remain the same.

The Agency has completed a review of the amendment of this use and acknowledges the State's Special Local Need registration, as amended. Please inform the registrant that we have placed a copy of the amended SLN label in our files. If you have any questions, please contact Maya Wheeler by phone at (202) 566-2957 or via email at wheeler.maya.b@epa.gov.
