Dear Ms. Farias:

This letter acknowledges receipt of the above-listed amended Special Local Need (SLN) registration pursuant to Section 24(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. The amended SLN registration permits use of SIVANTO Prime (Flupyradifurone) to reduce the pre-harvest interval for control of sugarcane aphids in/on sorghum in the state of Texas, and thus a need for this SLN amendment. This SLN expires on December 31, 2026.

The Agency has completed a review of this use and acknowledges the State's amended SLN registration. Please inform the registrant that we have placed a copy of the amended SLN label in our files. If you have any questions, please contact Maya Wheeler by phone at (202) 566-2957 or via email at [wheeler.maya.b@epa.gov](mailto:wheeler.maya.b@epa.gov).

Sincerely,
