

Registration Number 7969-275), Treevix Powered by Kixor Herbicide (EPA Registration Number 7969-276), Sharpen Powered by Kixor Herbicide (EPA Registration Number 7969-278), Integrity Powered by Kixor Herbicide (EPA Registration Number 7969-279), Optill Powered by Kixor Herbicide (EPA Registration Number 7969-280), and BAS 800 02/03 Powered by Kixor Herbicide (EPA Registration Number 7969-277).

The Agency approved the applications after considering all required data on risks associated with the proposed use of saflufenacil, and information on social, economic, and environmental benefits to be derived from its use. Specifically, the Agency considered the nature of the chemical and its pattern of use, application methods and rates, and level and extent of potential exposure. Based on these reviews, the Agency was able to make basic health and safety determinations which show that saflufenacil, when used in accordance with widespread and commonly recognized practice, will not generally cause unreasonable adverse effects on the environment.

#### *B. FFDCA Tolerances*

Along with the applications for registration of Kixor Herbicide Technical, Treevix Powered by Kixor Herbicide, Sharpen Powered by Kixor Herbicide, Integrity Powered by Kixor Herbicide, Optill Powered by Kixor Herbicide, and BAS 800 02/03 Powered by Kixor Herbicide, BASF Corporation filed a petition for tolerances under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a. The petition requested that tolerances be established for residues of saflufenacil in or on legume vegetables (group 06), citrus fruits (group 10), pome fruits (group 11), stone fruits (group 12), tree nuts (group 14), pistachio, cereal grains (group 15), undelinted cotton seed, cotton gin byproducts, grape, foliage of legume vegetables (group 07), forage, fodder and straw of cereal grains (group 16), sorghum stover, almond hulls, sunflower seed, animal kidney, and animal liver.

In the **Federal Register** of June 13, 2008 (73 FR 33814) (FRL-8367-3), EPA issued a notice pursuant to section 408(d)(3) of FFDCA, 21 U.S.C. 346a(d)(3), announcing the filing of this petition.

#### **III. What Action is the Agency Taking?**

Although the Agency solicited comments on the petition for tolerances under the FFDCA, it did not do so regarding the applications for

registration under FIFRA. Therefore, EPA is now seeking comment on the registrations for the saflufenacil technical and end-use products, issued under section 3 of FIFRA. After consideration of all comments received, the Agency will take appropriate action based on that consideration and issue another **Federal Register** notice responding to comments received.

#### **List of Subjects**

Environmental protection, Pesticides and pest.

Dated: September 16, 2009.

#### **Organic Arsenicals; Product Cancellation Order and Amendments to Terminate Uses**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's order for the cancellations and amendments to terminate uses, voluntarily requested by the registrants and accepted by the Agency, of products containing the pesticide organic arsenicals, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows a July 8, 2009 **Federal Register** Notice of Receipt of Requests from the organic arsenical registrants to voluntarily cancel or amend to terminate uses of their organic arsenical product registrations.

**DATES:** The cancellations are effective September 30, 2009.

**FOR FURTHER INFORMATION CONTACT:** Tom Myers, Pesticide Re-evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-8589; fax number: (703) 308-8005; e-mail address: [myers.tom@epa.gov](mailto:myers.tom@epa.gov).

#### **SUPPLEMENTARY INFORMATION:**

##### **I. General Information**

##### *A. Does this Action Apply to Me?*

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including

environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

##### *B. How Can I Get Copies of this Document and Other Related Information?*

1. *Docket.* EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2009-0191. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr>.

#### **II. What Action is the Agency Taking?**

The organic arsenicals include the pesticides monosodium methanearsonate (MSMA), disodium methanearsonate (DSMA), calcium acid methanearsonate (CAMA), and cacodylic acid and its sodium salt. The requests terminate the following uses of MSMA: Residential; forestry; non-bearing fruit and nuts; citrus, bearing and non-bearing; bluegrass, fescue and ryegrass grown for seed; drainage ditch banks; railroad, pipeline, and utility rights of way; fence rows; storage yards; and similar non-crop areas. In addition, the requests terminate all uses of MSMA in Florida except for use on cotton grown in Calhoun, Columbia, Escambia, Gadsden, Hamilton, Holmes, Jackson, Jefferson, Okaloosa, Santa Rosa, Suwannee, Walton, and Washington counties. The requests would not terminate the last MSMA products registered for use in the United States. These requests for voluntary cancellation and amendment of MSMA containing products are the result of an agreement in principle signed by the EPA and the technical registrants of the

organic arsenicals on January 16 and February 5, 2009. The registrants have requested voluntary cancellation of all products containing DSMA, CAMA, cacodylic acid and its sodium salt in accordance with the agreement. The requests would terminate the last DSMA, CAMA, and cacodylic acid and its sodium salt products registered for use in the United States. In the July 8, 2009 Notice, EPA indicated that it would issue an order implementing the cancellations and amendments to terminate uses, unless the Agency

received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrant(s) withdrew their request(s) within this period. The Agency received comments on the notice but none merited its further review of the requests. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations and amendments to terminate uses. Any distribution, sale, or use of the organic

arsenical products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

This notice announces the cancellation and amendments to terminate uses, as requested by registrants, of end-use and manufacturing-use organic arsenical products registered under section 3 of FIFRA. These registrations are listed in sequence by registration number in Tables 1 and 2 of this unit.

### III. Summary of Public Comments Received and Agency Response to Comments

Comments were received on the dates for disposition of existing stocks of products containing the organic arsenicals. Based on these comments, some of the dates have been amended.

### IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested cancellations and amendments to terminate uses of organic arsenical registrations identified in Tables 1 and 2 of Unit II. Accordingly, the Agency orders that the organic arsenical product registrations identified in Tables 1 and 2 of Unit II. are hereby canceled and amended to terminate the affected uses. Any distribution, sale, or use of existing stocks of the products identified in Tables 1 and 2 of Unit II. in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit VI. will be considered a violation of FIFRA.

### V. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request.

### VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and

released for shipment prior to the effective date of the cancellation action. The cancellation order issued in this notice includes the following existing stocks provisions.

After December 31, 2009, registrants are prohibited from selling or distributing existing stocks of products containing MSMA labeled for all uses, except cotton, sod farms, golf courses, and highway rights-of-way. Also, after December 31, 2009 registrants are prohibited from selling or distributing existing stocks of products containing DSMA, CAMA, cacodylic acid and its sodium salt.

After December 31, 2010, persons other than registrants are prohibited from selling or distributing existing stocks of products containing MSMA labeled for all uses, except cotton, sod farms, golf courses, and highway rights-of-way, and products containing DSMA, CAMA, and/or cacodylic acid and its sodium salt.

After December 31, 2010, existing stocks of products containing MSMA labeled for all uses, except cotton, sod farms, golf courses, and highway rights-of-way and products containing DSMA, CAMA, cacodylic acid and its sodium salt, already in the hands of users can be used legally until they are exhausted, provided that such use complies with the EPA-approved label and labeling of the affected product.

After December 31, 2012, registrants are prohibited from selling or distributing existing stocks of products containing MSMA labeled for use on sod farms, golf courses, and highway rights-of-way.

After June 30, 2013, persons other than registrants are prohibited from selling or distributing existing stocks of products containing MSMA labeled for use on sod farms, golf courses, and highway rights-of-way. After December 31, 2013, use of products containing

MSMA labeled for all uses, except cotton, is prohibited.

### ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OPP–2006–0955; FRL–8438–6]

### Rodenticides; Product Cancellation Order

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's order for the cancellation of registrations, voluntarily requested by the registrants and accepted by the Agency, of certain rodenticide products containing the pesticides bromadiolone, bromethalin, cholecalciferol, diphacinone (and its sodium salt), warfarin (and its sodium salt), and zinc phosphide, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows a December 24, 2008 **Federal Register** Notice of Receipt of Requests from several registrants to voluntarily cancel certain bromadiolone, bromethalin, cholecalciferol, diphacinone (and its sodium salt), warfarin (and its sodium salt), and zinc phosphide product registrations. These are not the last bromadiolone, bromethalin, cholecalciferol, diphacinone (and its
