

Amended Alabama Sturgeon Endangered Species Risk Assessment

List of Section Revisions

- Section 1: Executive Summary
- Section 2.2: Scope
- Section 2.6: Action Area
- Section 3.2.3: Modeling Approach
- Section 3.2.3.2: Results
- Section 4: Effects Assessment
- Section 4.1: Evaluation of Aquatic Ecotoxicity Studies
- Section 4.4: Incident Database Review
- Section 5.1: Risk Estimation
- Section 5.1.1: Direct Effects
- Section 5.1.2.1: Evaluation of Potential Indirect Effects via Reduction in Food Items (Freshwater Invertebrates)
- Section 5.1.2.2: Evaluation of Potential Indirect Effects via Reduction in Habitat and/or Primary Productivity (Freshwater Aquatic Plants)
- Section 5.2.1: Direct Effects to the Alabama Sturgeon
- Section 5.2.2: Indirect Effects via Reduction in Food Items (Freshwater Invertebrates)
- Section 5.2.3: Indirect Effects via Reduction in Habitat and/or Primary Productivity (Freshwater Aquatic Plants)
- Section 6.2.5: Sublethal Effects
- Section 6.2.6: Exposure to Pesticide Mixtures

List of Table Revisions

- Added new Table 4.1 (to address degradate toxicity)
- Previous Table 4.1 renamed as Table 4.2
- Previous Table 4.2 renamed as Table 4.3
- Table 5.1
- Table 5.2
- Table 5.3
- Table 5.7

List of Appendix Revisions

- Appendix A: Ecological Effects (revised)
- Appendix B: Supporting Information for the Aquatic Community-Level Threshold Concentrations (revised)
- Appendix E: Incident Database Information (revised)
- Appendix G: Bibliography of ECOTOX Citations Not Used and/or Rejected (new)
