Status

PADEP visited the Dana Corporation facility and met with company representatives on August 13, 2003. EPA is reviewing existing environmental information to determine if further investigation is required. EPA will focus first on the health and groundwater impacts, if any, presented by the facility. On September 30, 2016, EPA determined that the facility met both environmental indicators, Current Human Exposures Under Control and Migration of Contaminated Groundwater Under Control.

Dana completed site remediation under the Pennsylvania Act 2 program in 2007. A small portion of the property will be reused for condominium, and the remaining portion of the property is currently owned by Carpenter Tech for industrial use.

Facility Description

The Dana Corporation - Parish Division (Dana) site is located at Robeson and Weiser Streets in the City of Reading, Berks County, Pennsylvania. Dana has occupied portions of the property since the 1920s. The Site is approximately 50 acres. The site was formerly utilized for the manufacture and assembly of automobile and truck frames. On-site activities included steel cutting, steel pressing, steel shaping, and coating and painting. All production at the facility was suspended in September 2000.
