Re: Caribe General Electric Products Inc., Vieques, Puerto Rico;
EPA I.D. No.: PRD000692582; Revision No. 1, Amendment to the
Closure Plan

Dear Mr. Billiard:

The U.S. Environmental Protection Agency (EPA) Region II and the Puerto Rico Environmental Quality Board (EQB) are in receipt of the Amendment to the Closure Plan, Revision No. 1, transmitted by your letter dated March 2, 1994.

The Amendment to the Closure Plan, Revision No. 1 is consistent with agreements reached between EPA, EQB, GE and Canonie during the meeting/conference call of December 7, 1993, the follow up telephone conversation between yourself and Vivian Chin, of my staff, on December 13, 1993 and the written response to comments submitted by Canonie on December 23, 1993. Therefore, EPA and EQB approve of the revision to the Amended Closure Plan.

Upon receipt of this letter implementation of closure activities described in the approved revision should commence. If you have any further questions please contact Ms. Chin at (212) 264-9539.

Sincerely yours,

Michael Poetzsch, P.E.
Chief, New Jersey/Caribbean Permit Section
