22.140(1) Rules 22.140(455B) to 22.145(455B) shall govern revisions to any acid rain permit issued by the department.

22.140(2) A permit revision may be submitted for approval at any time. No permit revision shall affect the term of the acid rain permit to be revised. No permit revision shall excuse any violation of an acid rain program requirement that occurred prior to the effective date of the revision.

22.140(3) The terms of the acid rain permit shall apply while the permit revision is pending.

22.140(4) Any determination or interpretation by the state (including the department or a state court) modifying or voiding any acid rain permit provision shall be subject to review by the administrator in accordance with 40 CFR 70.8(c) as amended to June 25, 1993, as applied to permit modifications, unless the determination or interpretation is an administrative amendment approved in accordance with rule 22.143(455B).

22.140(5) The standard requirements of rule 22.125(455B) shall not be modified or voided by a permit revision.

22.140(6) Any permit revision involving incorporation of a compliance option that was not submitted for approval and comment during the permit issuance process, or involving a change in a compliance option that was previously submitted, shall meet the requirements for applying for such compliance option under rule 22.132(455B) and section 407 of the Act and regulations implementing section 407 of the Act.

22.140(7) For permit revisions not described in rules 22.141(455B) and 22.142(455B), the department may, in its discretion, determine which of these rules is applicable.
