

10 CSR 10-4.140 Time Schedule for Compliance

(1) Except as otherwise specified, compliance with the provisions of these regulations shall be according to the following time schedule:

(A) All new installations shall comply as of going into operation.

(B) All existing installations not in compliance as of the effective date of these regulations shall be in compliance within six months of the effective date unless the owner or person responsible for the operation of the installation shall have submitted to the Executive Secretary in a form and manner satisfactory to him, a program and schedule for achieving compliance, such program and schedule to contain a date on or before which full compliance will be attained, and such other information as the Executive Secretary may require. If approved by the Executive Secretary, such date will be the date on which the person shall comply.

(C) The Executive Secretary may require persons submitting such program to submit subsequent periodic reports on progress in achieving compliance.
