MEMORANDUM

401112

TO: Project File
TDD NO.: 95-07-0065
DATE: November 1995
SUBJECT: Covitch Property/Former ATF Davidson Co. - Wetland Acreage Determination

The wetland acreage and frontage were determined for the Covitch Property/Former ATF Davidson Co. property based on the National Wetland Inventory maps associated with the property.

The approximate wetland acreage for the following radial distance rings was determined:

0 to 0.25 miles	none
0.25 to 0.5 miles	1 acre
0.5 to 1.0 miles	10 acres
1.0 to 2.0 miles	247 acres
2.0 to 3.0 miles	523 acres
3.0 to 4.0 miles	667 acres

There are approximately 1,448 acres of wetlands located within 4-radial miles of the Covitch Property/Former ATF Davidson Co. property.

Wetland frontage along the downstream surface water pathway was also determined for the Covitch Property/Former ATF Davidson Co. property utilizing National Wetlands Inventory maps. The following information was determined:

Mumford River	2.86 miles
Blackstone River	5.44 miles
