MA6-360028

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY NEW ENGLAND - REGION I 5 POST OFFICE SQUARE, SUITE 100 BOSTON, MASSACHUSETTS 02109-3912

Request for General Permit Authorization to Discharge Wastewater (Notice of Intent (NOI) to be covered by the General Permit)

Hydroelectric Generating Facilities (HYDROGP)
NPDES General Permits No. MAG360000 and NHG360000

Indicate applicable General Permit for discharge	: MAG360000 X
 Interface of the second second	NHG360000
Facility Name, Location, and Data: Name Glendale Hydroelectric Project	
Street/POBox 33 Glendale Road	City Stockbridge
State Massachusetts	Zin Code 01299
Latitude 42° 16' 51" N	Longitude 73° 21' 21" W
Type of Business Hydroelectric power general	ation
SIC Code(s) 4911	Triples comments of the second statement of the second
Mark Control to the second of	152.00
Facility Mailing Address (if different from Locat	ion Address)
Name Glendale Hydroelectric Project	
Street/PO Box One Tech Drive Suite 200	City Andover
State Massachusetts	Zip Code 01810
Facility Owner:	
Name Littleville Power Company, Inc.	e-mail (optional)
Street/PO Box One Tech Drive Suite 200	City Andover
State Massachusetts	Zip Code 01810
Contact Person Adam Sotirakopoulos	Telephone Number 978-681-1900
Owner is (check one): 1. Federal 2. State	3. Tribal 4. Private X
Other (Describe)	
,	
Facility Operator (if different from above):	
Legal Name	e-mail (optional)
Street/PO Box	0:-
State	Zip Code
Contact Person	Telephone Number

7. Attach a topographic map indicating attached? Yes	g the location of the facility and	the outfall(s) to the rece	iving water. Map
8. Provide the number of turbines and minimum output, in cubic feet per secon capacity): maximum output, cfs 600 minimum output, cfs 400	the combined turbine discharge nd (cfs). Number of turbines 4 and	Combined turbine	aximum and discharge (installed
9. Is the hydroelectric generating facil-	ity operated as a pump storage	project? No	
B. Discharge Information (attack	h additional sheets as needed).		
Name of receiving water into which Freshwater: X Marine	discharge will occur: Housa	tonic River	C. DELINAS TEL
Attach a line drawing or flow schem water, operations contributing flow schematic attached? Yes See			
 List each outfall under the following equipment and floor drain water; mai water events, and equipment-related the 4). Attach additional sheets to identification. 	categories and number sequent ntenance-related water; facility backwash strainer water (see Pa	maintenance-related wa	ter during flood/high
Equipment-related cooling wat	er	Equipment and floor dr	ain water
See Attachment 2			
Maintenance-related water		Facility maintenance-re flood/high water events	
Equipment-related backwash st			

4. List each outfall discharging any combination of the following to identify the combined discharges: equipment-related cooling water, equipment and floor drain water, maintenance-related water, equipment-related backwash strainer water, and facility maintenance-related water during flood/high water events (see Parts I.A.5 and B.5) and continue the sequential numbering. Attach additional sheets to identify outfalls as needed.

- 5. Provide for each outfall the following:
- a. Latitude and longitude to the nearest second (see EPA's siting tool at: http://www.cpa.gov/tri/report/siting_tool/) and the name(s) of the receiving water(s) into which the discharge will occur.
- b. The operations contributing flow and the treatment received by the discharge. Indicate the average flow from each operation.
- c. Indicate if the discharge can be sampled at least once per year or can be sampled using the representative outfall sampling provisions (see Parts I.A.6 or B.6 and III.E).
- Note if the outfall discharges intermittently or seasonally.

C. Chemical Additives

Are any non-toxic neutralization chemicals used in the discharge(s)? Yes No___ If so, include the chemical name and manufacturer; maximum and average daily quantity used on a monthly basis as well as the maximum and average daily expected concentrations (mg/l) in the discharge, and the vendor's reported aquatic toxicity (NOAEL and/or LC50 in percent for typically acceptable aquatic organism).

D. Endangered Species Act Eligibility Information

A facility, with a previous ESA Section 7 consultation with the National Marine Fisheries Service (NMFS), seeking coverage under the Massachusetts general permit and discharging to the Connecticut River or Merrimack River should provide one of the following, if available.

- 1. A formal certification indicating consultation with the National Marine Fisheries Service (NMFS) resulted in either a no jeopardy opinion or a written concurrence on a finding that the discharges are not likely to adversely affect the shortnose sturgeon or critical habitat. Information should also be provided indicating the hydroelectric facility's previous ESA Section 7 consultation with NMFS covered the discharges to be authorized under this general permit and demonstrating no significant changes in the discharges have occurred since the previous consultation.
- 2. Another operator's certificate of the ESA eligibility for those discharges to be authorized under this general permit.

E. Supplemental Information

Please provide any supplemental information, including antidegradation review information applicable to new or increased discharges. Attach any certification(s) required by the general permit.

F. Signature Requirements

The Notice of Intent must be signed by the operator in accordance with the signatory requirements of 40 CFR Section 122.22 (see below) including the following certification:

I certify under penalty of law that no chemical additives are used in the discharges to be authorized under this general permit except for those used for pH adjustment and (2) this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted.

Based on my inquiry gathering the informa	of the pers	on or person	s who manage	the system, or thos	e persons directly respo st of my knowledge and	nsible for belief, true.
accurate, and comple	ten I certif	y that I am av	ware that there	are significant pen	alties for submitting fals	se information.
including the possion	lity of fine	and insprison	ment for know	wing violations.		
Signature	11	10	Thus to that	Proported to	Date	5/22/2012
Printed Name and Tit	Stephe	en D. Pike, \	VP Operation	IS		

Federal regulations require this application to be signed as follows:

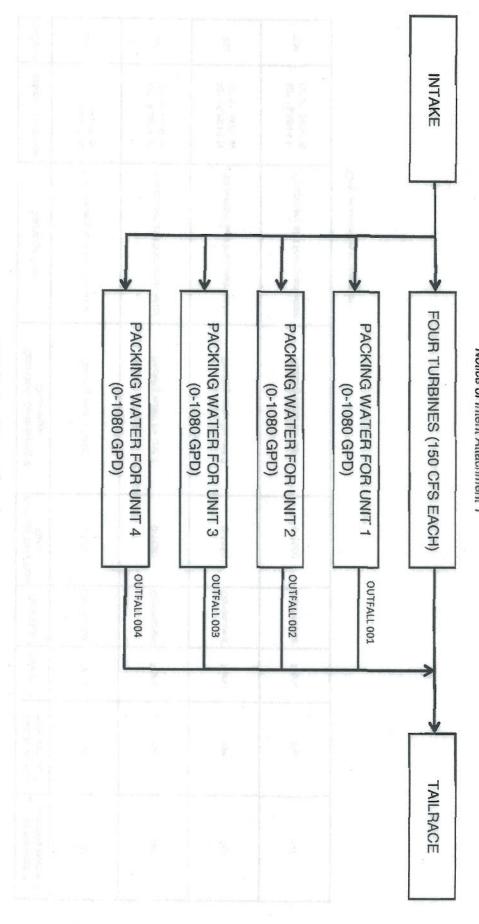

1. For a corporation, by a principal executive officer of at least the level of vice president;

2. For partnership or sole proprietorship, by a general partner or the proprietor, respectively, or,

3. For a municipality, State, Federal or other public facility, by either a principal executive officer or ranking elected official.
