Dear Mr. Auclair:

The Department of Environmental Services, Water Division, Wastewater Engineering Bureau (DES) has reviewed the actions taken by PSNH personnel in response to the October 27 and November 6, 2006 NPDES CEI. Based on your October 30, 2006 response DES determined that PSNH resolved the issues in a manner consistent with Water Division regulations and NPDES permit requirements.

Please be advised that DES will continue to monitor Merrimack Station's compliance status, and that this letter does not provide relief against any existing or future violations.

If you have any questions regarding this matter, please contact me at (603) 271-1493. Thank you for your cooperation.

Sincerely,

Stephanie Larson
