**Attachments:** 2014 Revised Draft Permit.pdf; 2014 Revised Draft Permit\_PublicNotice.pdf; Merrimack Station 2014 Revised Draft Permit Fact Sheet.pdf

Hi Linda (and Rob) –

As per my voicemail to Linda, please see the attached documents. Last week I told you that Region 1 was preparing to issue a Revised Draft NPDES Permit for Merrimack Station to address just the part of the permit dealing with the FGD wastewater, and that the Revised Draft Permit would be accompanied by a supporting Fact Sheet. I told you that I thought we might issue it as soon as April 18, but that it could slide into the following week. As it turns out, we are issuing the Revised Draft Permit tomorrow. As per your request, I am providing the attached copies of the central documents just ahead of their formal issuance. We will also make the administrative record available on our website.

I hope my earlier heads up and this email are helpful to you.

Sincerely,

Mark Stein
