Hi folks – I let Linda Landis, in-house counsel to Eversource/PSNH, that we are reopening the comment period for various issues, that the Statement of Issues should be available on our website either COB today or tomorrow, that the Public Notice should be in the newspaper on August 2, and that the 60-day comment period should begin on August 4.

She asked some questions which I did my best to answer and she said she appreciated the advanced notice.
