Hi Linda –

I hope your summer is going well. This email is just a *heads up* that I would like to take a few minutes tomorrow, if you have time, to talk about the status of the matter discussed in the email below. I also would like to discuss the issue of “bottom ash” discharges and Merrimack Station’s plans for complying with the applicable requirements for such discharges under the new Steam-Electric effluent limitation guidelines.

I will give you a call about it. Thanks.

Hi Mark. Please see the attached letter from PSNH notifying EPA of the Company's decision to opt into the Voluntary Incentives Program under the ELGs for the regulation of scrubber wastewater at Merrimack Station. It is our intention to provide additional supporting information within the next sixty days. Please give me a call if you would like to discuss this further. Linda
