Subject: Re: PSNH comments on Merrimack Station
Date: Tuesday, September 09, 2014 4:14:47 PM

Sharon: PSNH does not authorize EPA to share our CBI with DES. Unfortunately, it has been our experience in the past that our CBI has not been protected in an appropriate manner at certain state agencies and has been disclosed to third parties. Given the proprietary nature of the information at issue and the potential competitive harm if disclosed, we cannot take that chance.

Going forward, please have all questions related to Merrimack Station sent directly to me or one of the Balch & Bingham lawyers representing us in this matter.

Thanks very much. Linda

Hi Allan,

Hope all's well. Typically, EPA shares all comments with NHDES for their review. As you may know, PSNH's comments on the Merrimack Station Re-noticed Draft Permit contain 26 pages of material that is considered CBI. I would like to know if PSNH is willing to authorize us to share this information with NHDES. Please let me know at your earliest convenience.

Thank you,

Sharon
