 9/1/16 He calls back  
 9/2/16 - I call again

Schiller (Sch) + Merriam (M)

- I told him nothing is certain and <sup>my</sup> time is uncertain due to a major matter <sup>personally</sup> heading into litigation
- But putting that aside, we have worked out whether either Schiller and/or Merriam might close (as other NE call plus here) ~~to~~.
- We don't want to work on points only & leave plus close
- But from discussions w/ Linda L. & review of PUC papers <sup>written</sup> - there are no without plus for closure
- Therefore need to work on the permits
  - Schiller is smaller (but not insignificant) effort
  - Merriam is bigger effort
  - Might have thought we should knock off Schiller first, but lost a point worth for a period of time to a (detail)
- Therefore - going to focus on Merriam first
- My guess is Merriam is 9-12 months  
 Schiller is 12 months or more
- But that's relative estimate of litigation <sup>could detail it</sup>
