Good morning, Lynn –

I think the appropriate person would be Ken Morauff, Director, Water Division.

He signs the permit so that should work fine. Thanks.

Damien – Could you please confirm who the letter should be addressed to at EPA?

Thanks. Lynn.

Hello Damien. The draft is being circulated this afternoon. I expect Stephen will reach out to Mark in the next day or so to confirm both groups are on the same page. Do not hesitate to reach out via email (as we are working remotely), if questions come up.

Thank You.

Damien – It is being drafted (should be close if not complete). I believe Jim offered to give your team a chance to review the draft to ensure it addressed the key aspects. I will reach out to our team and provide you a status and plan this afternoon (ASAP).

If I missed something, let me know.

Thank you. Lynn

Hi Lynn –

Has GSP drafted and/or sent us the letter indicating that FGD Wastestream need not be permitted? We need that letter to move forward with our responses. I can ask our Regional Administrator to reach out to Jim A. if that's helpful. Please let me know. Thanks.

Damien
