Discussion: Mike said the plan will likely be  
finalized at the Feb. 24, 2011 policy committee  
meeting - It has already been approved by the  
TAC. He will notify me as soon as it is  
approved.  
He also offered his assistance with other  
reviews, etc.

Hi Eric,

I just heard you leave a message on Doug Smithwood's phone - which reminded me that I was going to send you the shad plan. As a quick introduction I am the new assistant project leader working with Joe McKeon and Doug. This is as final a copy as we have - this version has not been approved by the Merrimack River Anadromous Fish Restoration Program Policy Committee but has been looked over by the Technical Advisory Committee. A vote by the Policy Committee is planned for the 24th of this February.

Please feel free to give me a call to discuss - I am a bit new (6 months or so) but could try to answer any immediate question (Joe is out on Annual leave until the 24th). I look forward to working with you in the future.

Mike Bailey
