

6/8/11

Tel Leads Leads

- ① - Working of Zero liquid discharge ^(ZLD) _{option}
 - been exploring ZLD options in their desire to Accelerate to build & operate scrubbers ASAP !!
- want to Faten Plant (Kwara) - First Effluent facility ! 2
 - they call it ZLD → but still have some work to do which is ^{exporter + crystallization} ~~in~~
- Looked at adding a new step - (2nd Effluent or ZLD) - ^{Yt of cell}
 - experimented of adding new elements
- excited ; but also regulation + concerns
 - liquidity

→ in use
 they

Now are 4 pieces →

- ① phys/chem
 - ② mercury polishing
 - ③ 1st effluent + ④ 2nd effluent → exporter + crystallization
- are concerned w/ starting process of the new staff and ~~work~~
