~~DEPT~~

~~Cabrillo Port - is cl~~

- I left a voice mail as follows:
- tell her HQ confirm our position on the 2 interface at the 2a? our things - extract standards do apply

- Adv. HQ is going to address the calculation section ~~of~~ <sup>of</sup> question regarding the import/significance of the facility's intent behind historical O+M steps that happened to relate with flow in one of the HQ Q&A's, but that's been held up for some time now

- In agreement, the first 2 questions ~~concern~~ <sup>should</sup> with Meritline Inc. to move ahead on the PIC at the Calc. position? was can resolve later (as we had agreed in our telephone conversation in the Spring)
