Subject: NPDES Application, Public Service Company of New Hampshire,  
Merrimack Station

Dear Mr. Miller:

We have been informed that all comments and information relative to the energy field are to be cleared through the Governor's office. Since my letter to you dated October 3, 1974 relative to Public Notice #NH-17-75 was not cleared, I wish to withdraw that letter.

Future input from the State of New Hampshire will be submitted to you via the Water Supply and Pollution Control Commission.

Sincerely,

Arthur E. Newell, Supervisor  
Fisheries Research
