Subject Outfalls and Other Items

Allan,

Thank you for the temperature data. Since it was labeled confidential and privilege, does this prevent me from providing copies to Eric Nelson?

Are the outfalls for the rail switch and the north yard still in use? Why do want these outfalls included in the Stations NPDES permit, instead of a stormwater permit?

Is there any dredging de-water water that has been or is being discharged to the treatment system?

WETLANDS PERMIT

Is there any water seeping in from the marsh, or has the marsh been completely isolated from the Station?

WETLANDS SEPERATED, FROM 90's.

Thank you , John
