To: Melissa Hoffer <MHoffer@clf.org>

Melissa,

Region 1 now places all draft permits and supporting documents on our Web site. The only entity that receives a hard copy of the documents is the permittee. The others receive a notice of the Web location of the documents by email.

I cannot find email addresses for the Union of Concerned Scientists, Jim Rubens and Essex National Heritage Area. Would you have email addresses for them. Also, the Vermont law School Web site apparently is not working, so I do not have Teresa Clemmer's email yet.

Thank you, John
