

8/26/10

Tel. Linda Lewis - Council of BNH

- State Law - was a collaboration from Gov., DES, and others
 - passed in 2006
 - Construction has proceeded
 - is moving a piece
 - and in process of order to ~~it~~ it
- State of Ariz. - Wastewater Treatment designed for FGD system

→ [But not w/ CLF - who is opposed to
 → Coal-burning plants. Period.
 They challenged the temporary air permit from ^{the} state,
 which allowed construction to proceed and CLF
 challenged it but lost.]

- Need the Water permit to allow the facility to go forward.
- the "last piece"
- Company is working expeditiously and on ahead of schedule
 (H₂ reduced by 80%, SO₂ reduced by 90%)
- NPDES permit appeal (CLF has permit to appeal the NPDES)
- Delay will be expensive coz of financial loss (losing costs)
- ~~the~~ ~~total~~ carrying costs - [non-reimbursable? under contract? in public]
- Construction costs -

→

→ Clia. we separate the NPDES permits -

→ Meeting (?)
 - Separate permit? (?) -
