Sharon, Congratulations on your vows, may it last forever.

Hope you get this email, apparently zaya.sharon gets lost now. I think you received each of these documents (see attachment), but please let me know if you need one. Thanks, Allan.

PSNH Documents

Dear Region I,

Last month PSNH submitted three 316(b)-related documents to EPA:

Newington Station PIC (D25130) with an enclosed Entrainment Monitoring QA Plan/SOPs, John MacDonald to Sharon Zaya, dated October 3, 2006.
Schiller Station PIC (D25128) with an enclosed Entrainment Monitoring QA Plan/SOPs and an Impingement Monitoring QA Plan/SOPs, John MacDonald to Sharon Zaya, dated October 6, 2006.
A set of revisions to the Merrimack Station PIC with an enclosed Entrainment Monitoring QA Plan/SOPs, William Smagula to David Webster, dated October 6, 2006.

The correspondence indicated that each of you were to receive some combination of copies of the documents and/or letters. Today, however, sets of the Schiller and Merrimack documents were found in a copy room which makes me think that the distribution of the copies was incomplete. So if you would like to receive a follow-up copy of any of these letters and/or documents, please send me a reply email or give a call at 603-634-2439. Also, John has again alerted me to the CBI problem and I am working on getting redacted versions for distribution, similar to what was provided for the Merrimack Station PIC.

I apologize for any mix-up, and thank you for your understanding, Allan.
