Hi Mark. On behalf of PSNH, I wanted to express our appreciation for your time and input yesterday. As you understand, we are in a unique situation--but one with such a positive end result. We are certainly most appreciative of any creative thinking on the part of our regulators to help us achieve that end result in a timely manner. Barry Needleman and I would like to have a brief follow-up discussion with you to discuss the proposal we plan on drafting and submitting to EPA. Would you have a few minutes later this morning (before 12:30) or any time tomorrow morning?
Thanks again. Linda
