Subject FW: Design Flow Mass Balance

Hi Allan,

I like the attachment; more pertinent than the one you sent on May 11th. My interest is in anything that leads to you (PSNH) updating your NPDES permit application. As of now, you have an application in w/o information on the new scrubber discharge. That's got to be rectified. Looking forward to seeing you Friday. Stergios

So is there no interest right now in plans or diagrams, e.g....

(See attached file: 34 gpm.pdf)

Allan,

Please provide Sterg with the names of the PSNH staff who will be attending Friday's meeting as I remember from our last conversation, it will be you and one other.

I want to start at 10:00, so I would appreciate it if you can be at NHDES before 10:00.

Thank you ... looking forward to the meeting,

John
