Document Body

Allan,

There is a correction to the list I provided you. The Merrimack PIC was dated May 2005, the entire document was classified as CBI. The document EPA received dated was the Entrainment Sampling Procedures. I do not believe the Entrainment document contains CBI information, but i do ask you check that.

Thanks, John

Allan,

The following are the documents that have been classified Confidential Business Information (CBI); Trade Secret, Propriety or Company Confidential; or Privilege and Confidential:

- Merrimack Station, Proposal for Information Collection; October 2006
- Merrimack Station Thermal Discharge Effects on Downstream Salmon Smolt Migration (Draft); May 2006
