

Pg 1 of 3

Dear Mr. Neil Handler,

10/4/11

I am writing to you concerning the Bethlehem Village District W.W.T.F. Permit # NHG580561. I received your letter dated 8/1/11 concerning a new permit 7/6/11.

We do not have a computer for the W.W.T.F. and will not be able to purchase one & get I-Net service until next year. There is no money in the budget for that. I am requesting for it during our budget meeting.

I am signed up for the class on 10/6/11 for NET DMR training.

I will be sending our DMR's VIA I-Net before June 1<sup>st</sup> 2012.

I sent in our NOI on time & was received by Brian Pitt 3/9/10. I am forwarding these letters of acknowledgement.

If you have any questions please call me at 603-869-3440.

Thank you

Cecence Welch

Re: Publicly Owned Treatment Works General NPDES Permit No. NHG580501-  
Bethlehem Village District Wastewater Treatment Facility

Dear Mr. Brown:

This letter acknowledges your submittal of a Notice of Intent (NOI), dated March 9, 2010, for coverage under the Publicly Owned Treatment Works General NPDES Permit (POTW GP) No. NHG580501. Your NOI has been received and reviewed by this office. The information submitted appears to be complete and will be kept at our offices until such a time as the POTW GP is reissued. Since you submitted a timely and complete NOI, coverage of the discharge from your facility under the current POTW GP is administratively continued until a new permit is issued, in accordance with the Administrative Procedure Act (5 U.S.C. 558(c)) and 40 CFR §122.6. Please be advised that upon reissuance of the POTW GP, an NOI for coverage will need to be submitted in accordance with the notification requirements of that permit.

Please note that should you make any change to your processes that you believe may affect your coverage under the final permit, please contact Meridith Timony of my staff at (617) 918-1533 to discuss those changes.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Pitt".

Brian Pitt, Acting Chief  
NPDES Municipal Permits Branch  
Office of Ecosystem Protection

**RE:** Reapplying under the New Hampshire General Permit for certain POTWs and other Treatment Works - NHG580501- Bethlehem Village District Treatment Facility

Dear Mr. Robie:

Please be advised that the General Permit for certain POTWs and Sanitary Wastewater Facilities in the State of New Hampshire will be expiring on September 23, 2010. This permit will be administratively continued in accordance with the Administrative Procedures Act and will remain in effect as long as a new Notice of Intent for your facility is received by March 26, 2010. Please refer to page 38, Part III.L.3, of the POTW General Permit concerning the continuation conditions and page 39, Part III.M.3, of this permit for the Notice of Intent requirements. The complete POTW General Permit is at EPA's website: <http://www.epa.gov/region1/npdes/potw-gp.html>.

The Notice of Intent (NOI) form to reapply for General Permit coverage is the New Hampshire Department of Environmental Services' NOI form that is available at: [http://des.nh.gov/organization/divisions/water/web/documents/notice\\_of\\_intent\\_form.pdf](http://des.nh.gov/organization/divisions/water/web/documents/notice_of_intent_form.pdf). Please contact Dan Dudley at 603-371-0671 with any questions concerning this form.

Failure to submit the Notice of Intent by the deadline date would violate Section 301(a) of the Clean Water Act, and would render you subject to the civil and/or criminal enforcement provisions of the Act.

Should you have any questions pertaining to this matter please do not hesitate to contact me at 617/918-1545.

Sincerely,

Shelley Puleo  
Environmental Protection Specialist  
Municipal Assistance Unit
