Dear Ms. Giordano:

The New Hampshire Department of Environmental Services, Water Division, Wastewater Engineering Bureau (DES) has reviewed the actions taken by Schiller Station personnel in response to the September 16, 2009 NPDES CEI. Based on Schiller Station's October 9, 2009 response to DES inspection letter dated September 25, 2009, DES determined that Schiller Station has resolved the issues in a manner consistent with Water Division regulations and NPDES permit requirements.

Please be advised that DES will continue to monitor Schiller Station's compliance status, and that this letter does not provide relief against any existing or future violations.

If you have any questions regarding this matter, please contact me at (603) 271-1493. Thank you for your cooperation.

Sincerely,

Stephanie Larson  
Environmental Inspector  
Wastewater Engineering Bureau
