Hi Allan,

Hope's all well. I apologize if you have already sent it to me but I'm looking for the redacted copy of the August 19, 2013 Report entitled "Response to EPA's Information Request for NPDES Permit Re-Issuance, PSNH Schiller Station, Portsmouth, New Hampshire" prepared by Enercon Services. In January you indicated that you had asked Linda to start her review and that it shouldn't be too bad because it was only 21 pages. If you have this redacted report could you please send it to me?

Much Appreciated,

-Sharon
