

12/4/14 — Left Message — Le Landis re Schiller
 - review — 8/2013 ; 10/2008 relation

- I asked for a redacted version of both of the reports
 - explained we felt we needed them + more from
 on publicly - useful. Fact Sheet

- explained that we didn't think all or any of the
 material was likely ^{CBI} CBI but
~~was~~ their own potential w/o any particularization
 of the CBI claims left as version of claims
 which they are CBI

- I explained ~~we~~ (again!) we'd have to do CBI
 substantive parsing we can't resolve this
 quickly
