

Massachusetts Department of Environmental Protection
 Bureau of Resource Protection - Watershed Management
BRP WM 08A NPDES Stormwater General Permit
 Notice of Intent for Discharges from Small Municipal Separate
 Storm Sewer Systems (MS4s)

1129

W035197
 Transmittal Number
 Facility ID (if known)

A. Instructions

Important:
 When filling out forms on the computer, use only the tab key to move your cursor - do not use the return key.

Submission of this Notice of Intent constitutes notice that the entity named at item B1. of this form intends to be authorized by the DEP General Permit issued jointly with EPA for stormwater discharges from the small municipal separate storm sewer system (MS4), in the location identified at item B2. of this form. Submission of the Notice of Intent also constitutes notice that the party identified at item B1. has read, understands and meets the eligibility conditions of Part I.B. of the NPDES Small MS4 General Permit, agrees to comply with all applicable terms and conditions of the NPDES Small MS4 General Permit, and understands that continued authorization to discharge is contingent on maintaining eligibility for coverage. **In order to be granted coverage, all information required on BRP WM 08A, including the Stormwater Management Program Summary and Time Frames form, must be completed. Please read the permit and make sure you comply with all requirements, including the requirement to develop and implement a stormwater management program.**

B. Applicant Information

1. Small MS4 Operator/Owner Information:

Town of Mashpee Department of Public Works
 Name
 350 Meetinghouse Road
 Mailing Address
 Mashpee MA
 City/Town State
 508-539-1420 dpw@ci.mashpee.ma.us
 Telephone Number Email (if available)

2. Municipality Name

Town of Mashpee
 City/Town

3. Legal Status:

Federal City/Town State Tribal Private
 Other public entity: _____
 Specify Public Entity

4. Other regulated MS4(s) within municipal boundaries:

Route 28, Massachusetts Military Reservation

5. Based on the instructions provided in Part I of the NPDES Small MS4 General Permit, have the eligibility criteria for "listed species" and critical habitat been met?

yes pending no

BRP WM 08A NPDES Stormwater General Permit
Notice of Intent for Discharges from Small Municipal Separate Storm Sewer Systems (MS4s)

D. Stormwater Management Program Summary

1. Public Education:

PE1

BMP ID #

Zone II Information

Specify Best Management Practice

Public Works/Water District

Responsible Dept./Person Name

Distribute information annually on protection of drinking water

Specify Measurable Goal

PE2

BMP ID #

Storm water Information

Specify Best Management Practice

Public Works/County/Private Homeowner and other Associations

Responsible Dept./Person Name

Develop and distribute information annually on impacts of storm water on water bodies and groundwater using posters, door hangers, newsletters, etc. to target populations

Specify Measurable Goal

2. Public Participation:

PP1

BMP ID #

Community Cleanups

Specify Best Management Practice

Public Works

Responsible Dept./Person Name

Continue to organize annual cleanups of Town properties

Specify Measurable Goal

PP2

BMP ID #

Reciprocal HHP Collections

Specify Best Management Practice

Public Works

Responsible Dept./Person Name

Continue to provide up to 6 HHP collections each year

Specify Measurable Goal

PP3

BMP ID #

Permanent HHP Collections

Specify Best Management Practice

Public Works

Responsible Dept./Person Name

Continue to provide permanent collection of certain products at Transfer Station (automotive waste products, mercury-containing products, CRTs, etc.)

Specify Measurable Goal

PP4

BMP ID #

Pooper Scoopers

Specify Best Management Practice

Animal Control

Responsible Dept./Person Name

Expand provision of "pooper scoopers" on Town properties each year.

PP5

BMP ID #

Fertilizer/Pesticide Use

Specify Best Management Practice

Public Works/Health

Responsible Dept./Person Name

Develop and distribute info. in 3rd year on effects of fertilizer and pesticides use on water

Specify Measurable Goal

D. Stormwater Management Program Summary (Cont.)

3. Illicit Discharge Detection and Elimination:

IDD1

BMP ID #

Outfall Identification

Specify Best Management Practice

Public Works/Shellfish

Responsible Dept./Person Name

Map outfall locations and identify areas with surface runoff by end of 1st year

Specify Measurable Goal

IDD2

BMP ID #

Prohibition of Illicit Discharge

Specify Best Management Practice

Public Works

Responsible Dept./Person Name

Amend General Bylaw to explicitly prohibit illicit discharge and establish fine schedule for violations

IDD3

BMP ID #

Reduction of Direct Discharge

Specify Best Management Practice

Public Works

Responsible Dept./Person Name

Beginning in the 2nd year, install at least one drainage system annually to eliminate direct discharge

IDD4

BMP ID #

Water Monitoring Program

Specify Best Management Practice

Public Works/Shellfish

Responsible Dept./Person Name

During the 4th and 5th years, develop volunteer monitoring program to test and identify pollutants and determine potential sources

Specify Measurable Goal

IDD5

BMP ID #

Identification of Illicit Discharges

Specify Best Management Practice

Public Works/Conservation

Responsible Dept./Person Name

Identify illicit discharges, contact responsible party, and work to eliminate them

Specify Measurable Goal

4. Construction Site Runoff Control:

CSR1

BMP ID #

Review and Amendment of Existing Regulations

Specify Best Management Practice

Public Works/Planning/Conservation

Responsible Dept./Person Name

In first two years, review zoning bylaw, subdivision regulations, wetland regulations, and curb cut permit regulations for existing controls and amend as necessary

Specify Measurable Goal

CSR2

BMP ID #

Inspection Program

Specify Best Management Practice

Public Works/Planning/Conservation/Building

Responsible Dept./Person Name

In 3rd year, develop inspection program to ensure compliance with required controls

Specify Measurable Goal

D. Stormwater Management Program Summary (Cont.)

5. Post Construction Runoff Control:

PCR1

BMP ID #

Review of Existing
Regulations

Specify Best Management Practice

Public Works/Planning/
Conservation

Responsible Dept./Person Name

In first two years, review
zoning bylaw, subdivision
regulations, and wetland
regulations for existing
controls and amend as
required

Specify Measurable Goal

6. Municipal Good Housekeeping:

MGH1

BMP ID #

Street Sweeping

Specify Best Management Practice

Public Works

Responsible Dept./Person Name

Continue to sweep Town
roads annually

Specify Measurable Goal

MGH2

BMP ID #

Catch Basin Cleaning

Specify Best Management Practice

Public Works

Responsible Dept./Person Name

Continue to clean catch basins
annually

Specify Measurable Goal

MGH3

BMP ID #

Spill Training

Specify Best Management Practice

Public Works

Responsible Dept./Person Name

Provide annual training to
employees concerning
containment and cleanup of
hazardous material spills

Specify Measurable Goal

MGH4

BMP ID #

Minimization of Road Salt Use

Specify Best Management Practice

Public Works

Responsible Dept./Person Name

Continue to minimize annually
application of salt on roads
and parking lots

Specify Measurable Goal

D. Stormwater Management Program Summary (cont.)

7. BMPs for Meeting TMDL:

IDD3

BMP ID #

Water Monitoring Program

Specify Best Management Practice

Public Works/Shellfish

Responsible Dept./Person Name

In the 4th and 5th year, develop water monitoring program. Priority will be given to those waters included on the 303(d) list and identified by the Mass. Estuaries Project (MEP). Efforts will be coordinated with DEP, MEP, and surrounding communities where applicable to develop TMDLs for these waters and to identify the potential sources of the pollutants.

Specify Measurable Goal

IDD2

BMP ID #

Reduction of Direct Discharge

Specify Best Management Practice

Public Works

Responsible Dept./Person Name

Install drainage systems to eliminate direct discharge of storm water to water bodies. Priority will be given to those waters with TMDLs where storm water has been identified as the source of pollution.

Specify Measurable Goal

TMDL1

BMP ID #

Development and Implementation of BMPs

Specify Best Management Practice

Public Works/Shellfish

Responsible Dept./Person Name

Develop BMPs to address the other sources of pollutants exceeding the TMDLs for a water body. Efforts will again be coordinated with DEP, MEP, and surrounding communities.

Specify Measurable Goal

E. Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, I certify that the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
