Printed Name: Robert F. Canevazzi

Title: Town Administrator

Date: April 29, 2004

Part II. Self-Assessment

The Town of Dennis has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions except for the following provisions:

Part I.C.1 Failed to report a storm water discharge from Leif Erickson Drive into Kelley's Bay (Bass River). Location has been prioritized for BMP implementation.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
1.1 Revised	Provide literature & pamphlets	Natural Resource Officer- George MacDonald	Provide literature w/ off-road & shellfish permits	Brochures added to information tree in office and applicants directed to same.	Expand brochure selection.
1.2 Revised	Provide Public awareness classes	Shellfish Officer A. Marcy	Provide Information to school children	No Action	Schedule lecture with Boy Scouts of America for Fall 2004 Hold public information meeting Spring 2005
1.3 Revised	Provide Literature & Information	Town Engineer J. Rodricks	Provide Information booth at Chamber of Commerce Fair	Engineering Dept had posters and literature at it's booth in the May 3, 2003 Chamber Fair. Posted information and T. V. schedules for EPA sponsored Weather Channel Storm water Program [on Town's public access T. V. channel and website.	Post information on new Department of Public Works web page.

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) -- Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities -- Permit Year 2
3.1 Revised	Identify Discharge and Map Discharges	Town Engineer- Joseph Rodricks	Identify & prioritize	Bass River and Kelley's Bay surveyed, outfalls cataloged and prioritized for implementation. Town purchased aerial photography and limited aerial planimetric showing catch basins and outfalls (90%)	Develop BMP for highest prioritized locations on Bass River and Kelley's Bay. Locate remaining basins and outfalls in field with GPS receiver and add to planimetric.
3.2 Revised	Notify Owners of Violation eliminate using BMP	Town Engineer Joseph Rodricks	Identify & eliminate all known discharges.	Informed various Departments and Agencies in method of detection.	Continue monitoring and data accrual and issue advisories as needed.
3.3 Revised	Enforcement Agency	Police Chief J. Symington Acting Chief W. Monahan	Enforcement of State Illegal Disposal Law	Assisted DPW with the investigation and mitigation of two illegal discharge locations.	Add literature and information on illegal activities to Department web site.

7b. WLA Assessment

The Town had identified the Bass River and Kelley's Bay area as the highest priority for immediate implementation of BMPs. The Towns of Yarmouth and Dennis were awarded a joint grant (\$102,000) for survey and assessment of all outfalls into these water bodies and the design of mitigation measures for the highest prioritized locations. Additionally, the Department of Public Works has continued it's program of identifying and mitigating potential up-gradient pollution sources.

Part IV. Summary of Information Collected and Analyzed

Water quality testing of Town beaches during the months of June, July and August 2003, resulted in 6 days of beach closures.

Water quality testing of Quivet Creek as a follow-up to Optical Brightening tests revealed that illegal discharges are present in the system. The Board of Health and Natural Resource Department are working together to determine the source.

Part V. Program Outputs & Accomplishments (OPTIONAL)

Programmatic

Storm water management position created/staffed	(y/n)	No
Annual program budget/expenditures	(\$)	\$80,000

Education, Involvement, and Training

Estimated number of residents reached by education program(s)	(# or %)	10 %
Storm water management committee established	(y/n)	No
Stream teams established or supported	(# or y/n)	No
Shoreline clean-up participation or quantity of shoreline miles cleaned	(y/n or mi.)	1.5 mi
Household Hazardous Waste Collection Days		
▪ days sponsored	(#)	2
▪ community participation	(%)	355 persons
▪ material collected	(tons or gal)	4,705 gal
School curricula implemented	(y/n)	No

Legal/Regulatory

	In Place Prior to Phase II	Under Review	Drafted	Adopted
Regulatory Mechanism Status (indicate with "X")				
▪ Illicit Discharge Detection & Elimination		X		
▪ Erosion & Sediment Control	X			
▪ Post-Development Stormwater Management		X		
Accompanying Regulation Status (indicate with "X")				
▪ Illicit Discharge Detection & Elimination		X		
▪ Erosion & Sediment Control		X		
▪ Post-Development Stormwater Management		X		

Mapping and Illicit Discharges

Outfall mapping complete	(%)	10 %
Estimated or actual number of outfalls	(#)	55
System-Wide mapping complete	(%)	10 %
Mapping method(s)		
▪ Paper/Mylar	(%)	20 %
▪ CADD	(%)	10 %
▪ GIS	(%)	10 %
Outfalls inspected/screened	(# or %)	17
Illicit discharges identified	(#)	2
Illicit connections removed	(#)	2
	(est. gpd)	unknown
% of population on sewer	(%)	0 %
% of population on septic systems	(%)	100 %

Construction

Number of construction starts (>1-acre)	(#)	13
Estimated percentage of construction starts adequately regulated for erosion and sediment control	(%)	100
Site inspections completed	(# or %)	13
Tickets/Stop work orders issued	(# or %)	0
Fines collected	(# and \$)	0
Complaints/concerns received from public	(#)	0

Post-Development Storm Water Management

Estimated percentage of development/redevelopment projects adequately regulated for post-construction storm water control	(%)	0 %
Site inspections completed	(# or %)	13
Estimated volume of storm water recharged	(gpy)	0 %

Manual control spreaders used	(y/n)	y
Automatic or Zero-velocity spreaders used	(y/n)	y
Estimated net reduction in typical year salt application	(lbs. or %)	0%
Salt pile(s) covered in storage shed(s)	(y/n)	y
Storage shed(s) in design or under construction	(y/n)	n
