Part II. Self-Assessment

The City of Peabody has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions. The City's Department of Public Services is responsible for implementation of measurable goals. The Department's manpower was severely depleted over the last calendar year due to municipal budget cuts coupled with the Director's year-long absence due to military duty in Iraq. Therefore, progress on many of the measurable goals was delayed due to lack of personnel throughout the Department. Going forward, it is anticipated that progress will be made as municipal budgets improve in FY05 and beyond.

Part III. Summary of Minimum Control Measures
