Part II. Self-Assessment

The Town of Plymouth has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions, except for the following provisions:

Part 1.B.2 (e) (Vi)

The Town of Plymouth permit eligibility with regard to the Endangered Species Act was pending at the time of our NOI submission. The National Marine Fisheries Service has not provided written determination that our MS4 discharges are not likely to jeopardize the continued existence of specific species protected under the Endangered Species Act. Some discharges have been determined (through DMF Sanitary Survey) to be contributing to exceedance of water quality standards in Plymouth Harbor. These discharges have been made priorities in our NPS Pollution Grant Program.

Part 11.B.8

Had not yet evaluated physical conditions, site design considerations, and BMPs to promote groundwater recharge through the implementation of our stormwater management program. The Engineering Department will be completing such an evaluation and developing recharge practices and guidelines. This information will be incorporated into education materials, our Drain Use Regulations, and standard practice for municipal road and drainage projects.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
1-1 Revised	Educational Flyer	Town Engineer/ Town Manager	Post in all schools & Town buildings	Evaluating alternative choices And making recommendations.	Distribution of brochures to residents.
1-2 Revised	Form Public Education Task Force	Town Engineer	Participation in town wide events & schools	Establishing the task force through advertisement and interviewing.	Selection of task force members.
1-3 Revised	Air stormwater message on local cable access channel	Town Engineer	Post one message every month	None to date	Prepare and post content.
1-4 Revised	Storm Drain Stenciling	Town Engineer/Conservation Comm./Natural Resources	Stencil Storm Drains with Messages (25% each year)	Contacted companies for pricing information.	Secure stencils or markers. Seeking small group of volunteers to participate.
1-5 Revised	Map outfalls and receiving waters	Town Engineer	Map of discharge pipes to waters & wetland (20%/yr.)	GPS located 10 % of outfalls and their receiving waters.	Making progress on completion of GPS locating efforts and complete GIS mapping.
Revised					

1a. Additions

1.	Media coverage	Town Engineer	Story coverage on NPS Pollution Projects.	Three (3) coverages in the local newspaper.	Additional coverages in local newspaper.

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) - Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities - Permit Year 2
2-1 Revised	Hazardous waste collection	DPW Recycling Coordinator	Once/yr. (min.)	Hosted an event in Fall 03	Plan to have another one in Spring .04.
2-2 Revised	Volunteer Water Quality Monitoring	Town Engineer/Natural Resources Officer	Level of participation	Natural resources officer with the help of volunteer group has completed some areas of town.	Plan to continue this effort.
2-3 Revised	Citizen Stormwater Committee/Lake Associations	Town Engineer/Natural Resources Officer	Hold meeting to plan for stormwater issues/mgmt.	Establishing the task force through advertisement and interviewing.	Selection of task force members.
2-4 Revised	"Adopt a Storm Drain Program"	Town Engineer/Natural Resources Officer	Participation in Community Clean-ups	Working with volunteer group to establish the program.	Organize and support the cleaning efforts.
2-5 Revised	Citizen watch Groups	Town Engineer/Natural Resource Officer	Aid Local Enforcement author. In the identification of polluters	Establishing the task force through advertisement and interviewing.	Selection of task force members.
Revised					

2a. Additions

3. Elicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
3-1 Revised	Develop illicit dischg. id. & elim. plan Screen outfalls for Illicit connections	Town Engr./BOH/Nat. Resource Officer/Planning Bd. Public Works	Make recommendations for the plan Screen outfalls by Winter 07-08	Working with team volunteers to provide field inspection and report.	Investigating drainage area of outfalls, and to locate sources when and if will be identified.
3-2 Revised	Drainage Network Mapping	Town Engineer	Drainage of urbanized areas	GPS located 10 % of outfalls and their receiving waters.	Making progress on completion of GPS locating efforts and complete GIS mapping.
3-3 Revised	Public Info. on illicit connections/illegal discharges	Town Engineer/Board of Health	Educating the public-hazards associated with these activities	None to date.	Prepare and post content
3-4 Revised	Develop/Modify general illicit discharge bylaw	BOH/Planning Board	Developing/modifying the plan	Review existing mechanisms and determining lack of adequate authority to regulate illicit discharges. Researched relevant & available bylaws & regulations in place for other communities.	Complete bylaw draft for internal and Town Counsel review by Summer 05.
3-5 Revised	Present Bylaw for town meeting action	BOH/Planning Board	Make presentations for town Meeting action	Review existing mechanisms and determining lack of adequate authority to regulate illicit discharges. Researched relevant & available bylaws & regulations in place for other communities.	Complete bylaw draft for internal and Town Counsel review by Summer 05.

3a. Additions

4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
4-1 Revised	Wetlands by-law for stormwater management	Conservation Commission	Town Meeting Action	Review existing mechanisms & determining lack of adequate authority to regulate constr. site erosion, or constr. site stormwater runoff control. Researching relevant and available bylaws & regulations in place for other communities.	Complete bylaw draft for internal and Town Counsel review by Summer 05.
4-2 Revised	Subdivision regulations for stormwater management	Planning Board	Change subdivision Rules and Regulations	Review existing mechanisms & determining lack of adequate authority to regulate constr. site erosion, or constr. site stormwater runoff control. Researching relevant and available bylaws & regulations in place for other communities	Complete bylaw draft for internal and Town Counsel review by Summer 05.
4-3 Revised	Erosion control by-law	Planning/Zoning Board of Appeals	Town Meeting Action	Review existing mechanisms & determining lack of adequate authority to regulate constr. site erosion, or constr. site stormwater runoff control. Researching relevant and available bylaws & regulations in place for other communities	Complete bylaw draft for internal and Town Counsel review by Summer 05.
4-4 Revised	Reporting hotline	Town Engineer/Planning Board	Set up procedures in response to info submitted by public.	Establishing the telephone No. will continue to advertise telephone number.	Hotline number will be included in town directory postcards mailed with other information.
4-5 Revised	Site plan review/constr. Site inspection program	Town Engineer, Planner/Building Inspector	Review all plans, inspect, & visit construction site	Drafting to implement an interim policy for all current jurisdictional projects that requires Eng. To review and approve ESC plans.	Continue to implement interim policy and update consistent with new bylaw.

4a. Additions

5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) - Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities - Permit Year 2
5-1 Revised	Stormwater Mng. By-law-Development	Planning/Zoning Bd. & Conservation Commission	Strategies to be developed	Reviewing existing mechanisms and determining lack of adequate authority to regulate post-construction stormwater management. Researching relevant and available bylaws and regulations in place for other communities.	Complete bylaw draft for internal and Town Council review by Summer 05.
5-2 Revised	Stormwater Mng. By-law Development	Planning/Zoning Bd. & Conservation Commission	Formulation of the By-law	Reviewing existing mechanisms and determining lack of adequate authority to regulate post-construction stormwater management. Researching relevant and available bylaws and regulations in place for other communities.	Complete bylaw draft for internal and Town Council review by Summer 05.
5-3 Revised	Conservation Comm. Wetlands By-law	Planning/Zoning Bd. & Conservation Commission	Presentation for Town Meeting Action	Reviewing existing mechanisms and determining lack of adequate authority to regulate post-construction stormwater management. Researching relevant and available bylaws and regulations in place for other communities.	Complete bylaw draft for internal and Town Council review by Summer 05.

5a. Additions

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
6-1 <small>Revised</small>	Street sweeping program	Highway	Spring annual sweeping record sweeping as needed	Completed annual sweeping program.	Continue program.
6-2 <small>Revised</small>	Catch basin/drain cleaning	Highway	500 per year (record) Clean all catch basins once every 3 years.	Continuing collecting volume and frequency data from existing program and refine cleaning program into using a needs-based frequency.	Continue refining program. Explore cost/benefit of specifying vacuum equipment for future cleaning contracts.
6-3 <small>Revised</small>	Annual training at town facilities	Town Engineer	Conduct training, prepare literature, record attendance	Plan to provide ½ -day training to all key department staff regarding pollution prevention practices and SWMP implementation.	Conduct ½-day training. Use feedback from initial training to target/focus agenda items.
6-4 <small>Revised</small>	Policy Guide O & M program for town-owned structural BMP's	Town Engineer	Developing the Policy Guide Implement O & M program by Spring 05	Inventory town-owned BMP's and drafting O & M procedures for the town's detention ponds and particle separators.	Complete and implement O & M Procedures.
6-5	Permit filing for the town's activities related to Phase II	Town Engineer	Permits Filed as needed	Permits filed for our DPW facilities.	Continue program.

6a. Additions

6.6	Vehicle washing	Public Works	Implemented washing policy and constructed washing facility.	Implemented policy to wash only within designated locations, without the use of cleaners or degreasing agents.	Continue Program.
6.7	Implement Integrated Pest Management (IPM) at Town Facilities	Parks & Recreation	Train facility employees and practice IPM town-wide by Summer 2007	Inventory current chemicals, quantities, and practices used on town parcels.	Host an IPM/lawn care workshop for staff and lawn care professionals with Cooperative Extension Service.
