Part II. Self-Assessment

The Town of North Reading has completed the required self-assessment and has determined that our municipality is in compliance with all permit conditions.

We have modified the schedule to extend BMP 3A (Illicit Connection Identification) completion from Summer 2004 to Summer 2005. Extension was necessary due to Route 62 roadwork in the Town that included newly installed drainage that was not completed until after Summer 2004.

We have modified the schedule and measurable goal for BMPs 4A, 4C, and 5D (Construction and Post Construction ordinance and bylaw implementation) to define the development of the ordinance/bylaw as the measurable goal. The acceptance and implementation is dependent on Town Meeting vote.
