

Municipality/Organization: U.S. Army Soldier System Ctr.

EPA NPDES Permit Number: MAR042008

MaDEP Transmittal Number: W-041046

**Annual Report Number
& Reporting Period: No. 2: March 04-March 05**

NPDES PII Small MS4 General Permit Annual Report

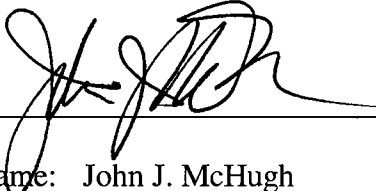

Part I. General Information

Contact Person: Terence Garrahan Title: Environmental Engineer

Telephone #: 508-233-599 Email: Terence.Garrahan@Natick.Army.mil

Certification:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Signature: 

Printed Name: John J. McHugh

Title: Dir. Environmental, Safety and Health Office

Date: April 25, 2005

Part II. Self-Assessment

U.S. Army Soldier Systems Center appears to be in compliance with all permit conditions.

Part III. Summary of Minimum Control Measures

1. Public Education and Outreach

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
PE01 Revised	Stencil Storm drains	ESHO	Job	The Environmental, Safety and Health Office initiated arrangements to stencil storm drains. This BMP will be completed this summer (2005) on a dry day.	Stencil identifications will be inspected annually to ensure that lettering has not faded.
PE02 Revised	Website Postings	ESHO	Job	ESHO has posted guidance on a website requesting prompt notification should a release of hazardous materials occur, so that quick cleanup actions can be taken, storm water drains covered as needed.	Web-site information to be updated periodically.
PE03 Revised	Post Notices via website/email	ESHO	Job	No illicit stormwater incidents occurred during past year requiring that a special notice be posted on the website or an email be sent to workforce.	Notices will be posted on website or sent via email as required.

1a. Additions

2. Public Involvement and Participation

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
PP01 Revised	Establish an NPDES Storm Water Coordinator	ESHO/Terry Garrahan	Appointment	Appointment completed upon submission of application.	Update appointments as needed.
Revised	Meet with local conservation commission	ESHO	Projects	Construction projects are reviewed internally to ensure that proper coordination with the Local Natick Conservation Commission is included as needed. Environmental Assessment (EA) are posted on website that can be viewed by the public. Local town officials have been notified about EAs being available for comments.	The facility will continue to coordinate as required with the Natick Conservation Commission and notify/make available Environmental Assessments for public review, when required by NEPA.
Revised	Training	ESHO/Terry Garrahan		Initial Training for appointed NPDES Coordinator. The facility conducted annual compliance training for personnel handling hazardous materials. Part of the training the instructor emphasizes the need to take prompt action to prevent releases to the storm water system and comply with permit requirements.	Annual compliance training will continue and new regulatory requirements will be taught to facility personnel responsible for hazardous materials handling.

3. Illicit Discharge Detection and Elimination

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
ID01 Revised	Update storm water drain system map.	PWD/ESHO	Updated Map	Site plan updated to include latest oil water separator installation.	Stormwater plan to include latest stencil identification.
ID02 Revised	Detect and address non-stormwater discharges	ESHO	Number outfalls inspected.	All eight outfalls have been inspected during the past year, and no illicit discharges detected.	Perform annual, dry-weather inspections of stormwater outfalls. Oil Water Separators have alarm systems installed, alarm conditions will be responded to promptly.
ID04 Revised	Illicit discharge/illegal dumping hotline	ESHO	Establish Hotline	Spill Prevention response plans and emergency notification cards have contact numbers so that HAZMAT Team Personnel and/or Coordination with outside contractor can be made to respond rapidly to an incident.	Periodic update of emergency contact numbers to help prevent illicit discharges and dumping in the stormwater system.
ID05 Revised	Prohibit non-stormwater discharges into the stormwater system	ESHO	Educated offenders	During the past year, no offenders have needed to be educated due to that no prohibited discharges to the stormwater system having taken place.	Educate offenders and take corrective actions immediately to prevent recurrences of a prohibited discharge into the stormwater system.

4. Construction Site Stormwater Runoff Control

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
CS01 Revised	Construction Site Stormwater Control	ESHO/PWD	Jobs	An Environmental Assessment (EA) was prepared for the T-25 Stormwater Upgrade Project. The EA was posted on the ESHO Website and a legal notice was submitted to the local newspaper informing the public of a 30-day comment period. This project was coordinated with the Local Natick Conservation Commission. An EA was also completed for a Proposed Thermal Test Facility (TFT). The TFT EA was made available for public comment, local and state officials were notified about the public comment period.	National Environmental Policy (NEPA) documents such as EAs and Record of Environmental Considerations (RECs) will be prepared for construction projects and coordination with the Natick Conservation Commission as required.

5. Post-Construction Stormwater Management in New Development and Redevelopment

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
CS01 Revised	Post-Construction Stormwater Management	ESHO/USACE/ESHO	Follow-up inspections	A new oil water separator (OWS) has been installed to better handle stormwater flows from the T-25 areas. OWSs were inspected the past year.	An environmental contractor inspects Oil Water Separators (OWS) at least annual, and alarm system is monitored also. On site personnel also inspect OWS for alarm conditions.

6. Pollution Prevention and Good Housekeeping in Municipal Operations

BMP ID #	BMP Description	Responsible Dept./Person Name	Measurable Goal(s)	Progress on Goal(s) – Permit Year 1 (Reliance on non-municipal partners indicated, if any)	Planned Activities – Permit Year 2
GH01 Revised	Pesticide Management Plan	ESHO/PWD	Annual Update	The Pesticide Management Plan (PMP) was last updated in 2004. The PMP requires pesticide minimization and applications to be performed by licensed/trained individuals.	Maintain an updated PMP and ensure that applicator's licenses are current and program coordinators receive pesticide refresher training. Facility has been pro-active and the amount applications minimized and environmental friendly. The Facility follows a DoD mandated program to ensure compliance with federal and state regulations.
GH02 Revised	Maintenance of Oil Water Separators (OWS)	ESHO/PWD	Annual Inspections	All OWS have been inspected during the past year.	All OWS were inspected and have been adequately maintained.
GH03 Revised	Inspect and clean out catch basin	ESHO/PWD	Annual Inspection	Catch basin were inspected during past year and cleaned out as necessary.	Annual inspection and clean out as necessary.
GH04 Revised	Sweep streets and parking areas	PWD	Annually parking lot street sweep.	Parking lots and streets were swept at least once during the past year.	Annual street sweep will be performed.

Part IV. Summary of Information Collected and Analyzed

No additional information to report.

Part V. Program Outputs & Accomplishments (OPTIONAL) –

Programmatic

Stormwater management position created/staffed	(y/n)	
Annual program budget/expenditures	(\$)	

Education, Involvement, and Training

Estimated number of residents reached by education program(s)	(# or %)	
Stormwater management committee established	(y/n)	
Stream teams established or supported	(# or y/n)	
Shoreline clean-up participation or quantity of shoreline miles cleaned	(y/n or mi.)	Y
Household Hazardous Waste Collection Days		
▪ days sponsored	(#)	
▪ community participation	(%)	
▪ material collected	(tons or gal)	
School curricula implemented	(y/n)	

Legal/Regulatory

	In Place Prior to Phase II	Under Review	Drafted	Adopted
Regulatory Mechanism Status (indicate with "X")				
▪ Illicit Discharge Detection & Elimination				
▪ Erosion & Sediment Control				
▪ Post-Development Stormwater Management				
Accompanying Regulation Status (indicate with "X")				

▪ Illicit Discharge Detection & Elimination			
▪ Erosion & Sediment Control			
▪ Post-Development Stormwater Management			

Mapping and Illicit Discharges

Outfall mapping complete	(%)	
Estimated or actual number of outfalls	(#)	
System-Wide mapping complete	(%)	
Mapping method(s)		
▪ Paper/Mylar	(%)	
▪ CADD	(%)	
▪ GIS	(%)	
Outfalls inspected/screened	(# or %)	
Illicit discharges identified	(#)	
Illicit connections removed	(#)	
% of population on sewer	(est. gpd)	
% of population on septic systems	(%)	
	(%)	

Construction

Number of construction starts (>1-acre)	(#)	
Estimated percentage of construction starts adequately regulated for erosion and sediment control	(%)	
Site inspections completed	(# or %)	
Tickets/Stop work orders issued	(# or %)	
Fines collected	(# and \$)	
Complaints/concerns received from public	(#)	

Post-Development Stormwater Management

Estimated percentage of development/redevelopment projects adequately regulated for post-construction stormwater control	(%)	
Site inspections completed	(# or %)	
Estimated volume of stormwater recharged	(gpy)	

Operations and Maintenance

Average frequency of catch basin cleaning (non-commercial/non-arterial streets)	(times/yr)	
Average frequency of catch basin cleaning (commercial/arterial or other critical streets)	(times/yr)	
Total number of structures cleaned	(#)	
Storm drain cleaned	(LF or mi.)	
Qty. of screenings/debris removed from storm sewer infrastructure	(lbs. or tons)	
Disposal or use of sweepings (landfill, POTW, compost, recycle for sand, beneficial use, etc.)		
Cost of screenings disposal	(\$)	

Average frequency of street sweeping (non-commercial/non-arterial streets)	(times/yr)	
Average frequency of street sweeping (commercial/arterial or other critical streets)	(times/yr)	
Qty. of sand/debris collected by sweeping	(lbs. or tons)	
Disposal of sweepings (landfill, POTW, compost, beneficial use, etc.)	(location)	
Cost of sweepings disposal	(\$)	
Vacuum street sweepers purchased/leased	(#)	
Vacuum street sweepers specified in contracts	(y/n)	

Reduction in application on public land of: ("N/A" = never used; "100%" = elimination)		
▪ Fertilizers	(lbs. or %)	

▪ Herbicides	(lbs. or %)
▪ Pesticides	(lbs. or %)

Anti-/De-Icing products and ratios	% NaCl % CaCl ₂ % MgCl ₂ % CMA % K _{ac} % KCl % Sand
Pre-wetting techniques utilized	(y/n)
Manual control spreaders used	(y/n)
Automatic or Zero-velocity spreaders used	(y/n)
Estimated net reduction in typical year salt application	(lbs. or %)
Salt pile(s) covered in storage shed(s)	(y/n)
Storage shed(s) in design or under construction	(y/n)
