Part II. Self-Assessment

The Town of Southampton Stormwater Management Program has been in place since July 31, 2003. The Town has completed the required self-assessment and has determined that the municipality has addressed each of the six minimum control standards. The Town will focus on stormdrain stenciling (BMP 2C) in Year 3. In addition, by-laws developed to address the NPDES requirements are drafted and are anticipated to be voted on at the June 4, 2005 annual town meeting.

To date, TMDLs have not been developed for Pequot Pond. BMPs proposed in previous Minimum Control Measures will address impairment of Pequot Pond.

Part IV. Summary of Information Collected and Analyzed

Communication among various Town departments and boards has been strengthened in order to meet the various BMP requirements. One illicit discharge was identified and disconnected. The BOH collects *E. coli* sample results from a private beach area on Pequot Pond. In Year 2, one week's sample was above the *E. coli* limit; however, sample results from the previous weeks and the subsequent weeks were well below the standard.
